

DIFFICULTY WITH VILLA IS ADJUSTED

Villa Will Proceed to Mexico Regardless of Appointment of Natera

WILL RUN OWN OFFICES

Until Differences Can Be Adjusted at Mexico City Villa Will Run Offices in His Territory

REBELS IN THREE DIVISIONS

EL PASO, Tex., June 18.—Gen. Carranza tonight advised Lazaro de la Garza, Villa's agent here, that the difficulty between himself and Villa had been adjusted by Carranza giving his permission for Villa to proceed south to Mexico City, regardless of the appointment of Gen. Natera as head of the new central zone. Carranza said the forces of Gen. Obregon in the west and Gen. Gonzales in the east would work independently of Gen. Villa's troops. The constitutionalist commander said the misunderstanding between himself and Villa and any future misunderstandings between any of the leaders would be left for adjustment when the three armies meet before the national capital. In the meantime Gen. Villa will run his own military and civil offices in his territory.

This for the first time made clear the relations between Carranza and Villa. It was officially said that Villa's forceful taking of Carranza's offices at Juarez was but a step in the general plan to oust the Carranza elements in the territory Villa dominates.

While not declaring that he is not under Carranza's orders, Villa is known to have told his chief that he will take the central strip of country leading to Mexico City, while Carranza's other divisional commanders can do likewise down the east and west coasts.

According to this arrangement there would be two distinct governments, both military and civil, in the northern half of Mexico held by the revolutionists. One would be Villa's strip, where not only his military leaders, but his own appointed civil officials would hold office. The other would be that directed by Carranza in his capacity as military and political chief of the movement from his capital at Saltillo. It is not doubted that Gen. Alvaro Obregon, commander of the western military zone, and Gen. Pablo Gonzales in the east will remain firm adherents of the Carranza party.

Villa already is reported to have taken over some of the petty leaders of the central zone territory to the south of Torreon.

Gen. Choa Joins Villa. General Choa, who some time ago had been reported ousted by Villa as governor of Chihuahua, has joined Villa with a column of troops from Parral, although having been ordered by Carranza to proceed to Saltillo.

The authoritative narrative of what occurred between Carranza and Villa is as follows: On Saturday Carranza ordered Villa to send 5,000 men under the command of one of Villa's generals to the assistance of Gen. Natera in the attack on Zacatecas. Gen. Villa replied that he was going to Zacatecas himself with his entire army. To obey his orders, which would have placed Villa's troops under command of Natera, in whose name Zacatecas is located.

After this exchange of telegrams, Villa proffered his resignation. Carranza asked that his successor be appointed at once. Then followed the conference of fourteen generals under Villa, who declined to accept any new leader. Villa then told Carranza that he was going to move south as he previously had announced. The exchange of notes ended.

Villa took over the Carranza offices and put his own men in them. Among the national officers arrested at Juarez was Scarpio Aguirre, Carranza's treasurer general, who had been engaged in issuing a new series of constitutionalist money which the amount of more than \$1,000,000.

GRADUATES FROM ST. XAVIER.

Miss Katherine Kiloran left Thursday for Chicago to attend the commencement exercises at St. Xavier academy, from which Miss Margaret Graubner, formerly of this city, will be graduated. The exercises will be in charge of Archbishop Quigley of Chicago and are announced for this afternoon at four o'clock.

PAUL JOAQUIN BETTER.

Reports from the bedside of Paul Joaquin, son of John Joaquin, at Passavant hospital, who was seriously hurt recently, is that he is some better and the physicians are more hopeful of his life.

EXCITING GAME.

In a fast and exciting game of ball yesterday the Jacksonville State hospital nine defeated the Cuban Giants by a score of 2 to 1.

SCANDINAVIAN IS VICTIM OF INTRIGUE

INNOCENT SAILOR IMPRISONED INSTEAD OF SUPPOSED CRIMINAL

Foreigner is Shanghai Off Water Front of Nagasaki, Japan, Drugged, Placed on U. S. Army Transport Sheridan and Imprisoned at San Quentin For a Crime He Had Never Heard.

SAN FRANCISCO, June 18.—Shanghai off the water front of Nagasaki, Japan, carried in irons across the Pacific on the United States Army Transport Sheridan and thrust into the San Quentin penitentiary to serve three years under a name he could not pronounce, for a crime he had never heard of, Albert Johansen, a puzzled Scandinavian sailor, was given his liberty today by the United States district court with the cordial concurrence of the United States attorney and the warden of San Quentin.

The prisoner's story was that he was drinking one night last month in a water front saloon at Nagasaki. Three strangers offered to stand him a treat. The next morning he found himself at sea a prisoner on the army transport Sheridan.

Nobody understood him when he tried to make himself understood and he was delivered at San Quentin as James Rogers, alias Peter Grimes, there to serve three years for a sentence imposed by the treaty court at Shanghai for forgery. His cell mate chanced to be a fellow countryman and through him he got a hearing.

Today Johansen was given the album of prisoners portraits and asked if he could find anybody in it he remembered. As soon as he came on Rogers' portrait he said: "That's one of the men I drank with in Nagasaki."

The real Rogers served a year in San Quentin for forgery. When released he won the interest of Captain Robert Dolan, a leading merchant of San Francisco in the China trade, who sent him to China in a clerical position on one of his vessels. Dolan's son began to pass bad checks and was caught and convicted and sentenced to three years in San Quentin. An officer of the court was to have taken him to Nagasaki where he was to be turned over to the Sheridan.

The belief of federal officials is that Rogers got his guardian drunk, slipped a stupefying drug in Johansen's drink and personally delivered him late at night on board the Sheridan, turning over to a petty officer or the ship the papers he had stolen from the drunken deputy and receiving in person the acknowledgment for his own delivery. Grimes has been apprehended near Nagasaki by Japanese authorities and is in custody, according to information received at Washington by United States District Attorney John Prestoa.

HIGH CLASS ATTRACTIONS SECURED FOR JACKSONVILLE CHAUTAUQUA

Program by Days Is Practically Complete—Musical Program of Great Variety Will Be Offered—Jacksonville Day August 27.

At a directors' conference Thursday evening in the office of Dr. Carl E. Black, a practically complete program for each of the ten days of the Jacksonville Chautauqua was announced and reports were heard from the committees on advertising, printing, tenting and the baby show. The directors met in conference with Mr. Shaw, who came down from Bloomington to attend. Among the principal attractions will be Bishop Hughes of San Francisco, John Z. White, candidate for United States senator, Edmund Vance Cooke, Senator L. Y. Sherman and Strickland Gilliland, said to be one of the best entertainers on the lyceum platform. Dr. Black presided at the meeting Thursday evening and A. C. Rice acted as secretary. The third annual Jacksonville Chautauqua will begin Friday, August 21, and continue until Sunday, Aug. 30. Dr. Josephine Milligan, chairman of the committee on the baby show, reported that she was engaged in correspondence for the securing of Mrs. Julia Lothrop, head of the U. S. children's bureau. It is possible that the directors may secure for one of the several open dates Father Punigan of LaPeere, Mich., a priest of note and also mayor of the city.

The Program by Days.

Friday, Aug. 21.—Bishop Edwin Hughes and Powers Concert Co. Saturday.—Morgans County Sunday school rally day; Norton's band; the Morphets, a magicians and musical organization.

Sunday.—Mrs. Jessie Southwick, celebrated elocutionist of Boston; John Z. White; Clark Concert Co.

Monday.—The Kaffir Boys' Choir. Tuesday.—The Fisher-Shipper Concert Co.; Senator Lawrence Y. Sherman and the Bede-Sidel debate on "Does America Want Socialism?" Mr. Sidel is former mayor of Milwaukee.

Wednesday, Aug. 26.—Bert Hall, community lecturer, and the Welsh choir.

Thursday.—Jacksonville Day. Mrs. Helen Brown Read will give a concert and Edmund Vance Cooke, the well known poet from Indiana, will lecture.

Friday.—Delano's Marine Band, known also as the Chicago Marine Band.

Saturday.—Lou J. Beauchamp; the Fisher-Shipper Co.; "The Dawn of Plenty" stereopticon lecture for farmers, by Frank Stockton.

WILL INVESTIGATE NICARAGUAN AFFAIRS

Relations Between Central American Country and U.S. Bankers to Be Probed

DELAYS PENDING TREATY

Senate Committee Will Investigate Before Ratifying Proposed Treaty with Nicaragua

OTHER WASHINGTON NEWS

THURSDAY IN CONGRESS.

Senate.

Met at noon. Debate was resumed on the Indian appropriation bill. Rivers and harbors appropriation bill was favorably reported to be called up for disposal next week.

Adjourned at 5:40 p. m., to noon Friday.

House.

Met at noon. Debate was resumed on the sundry civil appropriation bill. Gill-Dyer election contest case involving St. Louis congressional district debate all day with agreement to vote tomorrow.

Secretary McAdoo submitted estimates for \$2,533,043 to meet deficiencies in navy and in other departments during the fiscal year. Adjourned at 6:30 p. m., unknown Friday.

WASHINGTON, June 18.—A sweeping investigation of relations between the Nicaraguan government and American bankers interested in the republic and the part the American state department may have played in Nicaraguan affairs, probably will be undertaken by the senate foreign relations committee, before it consents to ratify the proposed treaty with Nicaragua.

Secretary Bryan and Charles A. Douglass, attorney for the Nicaraguan government, were before the committee for several hours today discussing this treaty which would give the United States interest in exchange for \$3,000,000 and the practical establishment of a protectorate over the Central American country.

Mr. Bryan said that American bankers own fifty one per cent of the stock of Nicaraguan railway and that the other forty nine per cent was now in danger of being sold under foreclosure proceedings. He said part of the \$3,000,000 might be used to prevent such foreclosure and allow Nicaragua to retain a large interest in her railways. Mr. Bryan also said that the same bankers control fifty one per cent of the stock of the Nicaraguan National Bank.

These statements were heard with interest by members of the committee. They are said to be anxious to learn how Nicaragua turned over her railway and her national bank to American financiers. Interests were also shown in the question of whether most of the \$3,000,000 is to go into the Nicaraguan treasury or be subject to the hands of politicians and others. Mr. Douglass asserted he believed the money would go to the Nicaraguan government without question.

There has been some talk in the committee about requesting interested bankers to give their story of their Nicaraguan operations.

Senator Smith of Michigan, a member of the committee who already has proposed an investigation of this matter tonight issued a statement declaring that the payroll of Nicaragua is filled with Americans and intimating that political intrigue by banking interests has figured in putting the present Nicaraguan government in power. The Colombian treaty also before the foreign relations committee did not come up for discussion today. It was made public tonight by the senate and correspondence which preceded it probably will be published later. Reports that the \$25,000,000 to be given Colombia under the treaty might be largely spent in enormous fees and in strengthening the country's military establishment tonight brought a denial from Senator Betancourt, the Colombian minister.

Plenty" stereopticon lecture for farmers, by Frank Stockton.

Sunday, Aug. 30.—Lawrence R. Stringer, Strickland Gilliland; the Harmony Quartet and C. Marion Simms, the cowpat lecturer.

It was found since the last announcement that Jeffries' Concert band had conflicting engagements, and that this year they could not appear in Jacksonville.

As last year the admission will be 25 cents, with the exception of four special days, on which it will be 50 cents. These days are Aug. 24, 25, 26 and 28.

FOG RESPONSIBLE FOR MANY ACCIDENTS AT SEA

NUMBER OF MISHAPS TO SHIPPING REPORTED ON BRITISH COAST

North German-Lloyd Company is Principal Sufferer—Steamer Buelow on Rocks of Blackner Bay—Armour's Yacht Goes Ashore at Chapman's Pool—Kaiser Wilhelm-Incumbent Collision to Be Aired in Courts.

LONDON, June 18.—Fog on the British coast for two days has caused an unprecedented number of accidents to shipping. The North German-Lloyd Company has been the principal sufferer.

While the companies' staffs at London and Southampton were busy docking the Kaiser Wilhelm II, which was badly ripped in a collision with the Incumbent yesterday, and debarking her passengers, they received a second shock in the news that the company's steamer Buelow, from Yokohama, with more than 300 passengers, had stuck her nose tightly into the rocks of Blackner Bay and was held fast there. This accident was without loss of life as in the case of the Kaiser Wilhelm because the sea was smooth.

The passengers were sent to Weymouth and from there by train to London.

Colonel Theodore Roosevelt's London friends were startled by a message which a local news agency circulated today that the Hamburg American's steamer Imperator, on which the colonel was to embark, had gone ashore off Bembridge, Isle of Wight. The Imperator soon disproved this report by steaming into Southampton.

The American Yacht Utowana, belonging to Addison V. Armour of the New York Yacht Club, bound for Southampton after an extended tour, went ashore at Chapman's Pool between Worbarrow and St. Albans Head. A wireless call summoned tugs to her assistance and it was expected that she will be refloated tonight.

The British yacht Carlad also grounded in the fog near St. Albans Head and a mine sweep went ashore on Atherfield Ledge, near Cowes.

Examination of the Kaiser Wilhelm II, and the passengers' stories show that good construction as well as good management and fair weather saved her from a tragic fate. She lies at her Southampton dock with two rents in her side, 24 and 18 feet long, below the water line with two compartments flooded.

The Incumbent which cut into the Kaiser Wilhelm Wednesday also has been docked with bows badly damaged. The collision also duplicated that between the Empress of Ireland and the Storstad and promises to furnish the courts with a similar controversy to settle.

SALEM LADIES AID AT HOME THURSDAY AFTERNOON

Delightful Gathering at the Beautiful Country Residence of Mrs. Edward Armstrong—Several Present From Jacksonville.

The Salem Ladies Aid society was "at home" to their friends at the lovely country residence of Mrs. Edward Armstrong, Thursday afternoon, the hours being from 3 till 6. The afternoon was ideal and friends to the number of one hundred and thirty gathered at the appointed time to enjoy the hospitality of that well known society. The following included the program:

Instrumental solo—Nellie Matthews.

Vocal solo, "Irish Love Song"—Mrs. Thomas Harber.

Reading, "Caleb Courtship"—Miss Clarkson.

Vocal solo, "Love Me and the World is Mine"—Mrs. Austin King. Miss Clarkson gave as an encore "The Ladies Aid". Prizes in the guessing contests were won by Miss Nellie Matthews and Miss Eloise King.

During the afternoon refreshments were served on the lawn, those having the affair in charge being Mrs. Bertha Davis, Miss Effie Crabtree, Miss Fannie Boyd.

The ladies receiving the guests were Mrs. Edward Armstrong, Mrs. Austin King, Mrs. Charles Cully, Mrs. Stephen Dunlap, Mrs. Thomas Boyd and Mrs. William Harrison.

Entertainment committee—Mrs. William Thompson, Mrs. Homer Cully.

Refreshments—Mrs. Edward Phillips, Mrs. Frank Washum and Mrs. A. D. Arnold.

Waitresses—Misses Martinette Baker, Nellie Green, Edith Tichnor, Eula Davis.

Prappe—Misses Kathryn Davis and Miss Irene Phillips.

Among those present from Jacksonville were Rev. and Mrs. H. F. Cusick, Mrs. Jerry Cox, Mrs. J. R. Catt, Dr. and Mrs. C. C. Patcher, Mrs. Harney, Mr. and Mrs. William Ross, Mrs. Purviance, Miss Madge Purviance, Mrs. William Fell, Mrs. Samuel Maddox, Miss Martha Black, Mrs. William Thompson, Miss Mary Lamb, Mrs. Cole Saunders and daughter, and Mrs. James Self.

GRANT GRAFF SUFFERS FALL.

While working in the loft of his barn shortly after noon Thursday, Grant Graff of Mount Avenue lost his balance and fell. His left arm was severely torn and, although no bones were broken, the injury is very painful.

JUDGE APPOINTS BANK RECEIVERS

Appointment Follows Petitions of Litchfield and East Alton Banks

ORDERS INVESTIGATION

Superintendent of Insurance Potts Orders Investigation of Surety Company Methods

MANY COMPANIES LOSERS

SPRINGFIELD, Ill., June 18.—Receivers have been appointed by Judge J. Otis Humphrey in the United States district court for the People's Bank of East Alton and the bank of Smithboro, owned by C. B. Munday and company, Litchfield, and the Litchfield Mill & Elevator company, of which J. G. Munday is president. The appointment of the receivers followed voluntary petition in bankruptcy by the banks and the mill company. The petitions were filed late yesterday afternoon and the receivers were appointed immediately. Announcement was withheld, however, to enable the receivers to seize the concerns affected.

Charles B. Munday and J. G. Munday constitute the C. B. Munday and company.

David Davis of Litchfield is made receiver for the milling company; the Sangamon Bank & Loan company for the Smithboro Bank, and Henry M. Merriam of this city for the People's Bank of Alton.

The assets and the liabilities of the milling company each are represented as \$450,000, according to the bankruptcy petition. The assets of the two banks, \$500,000, also equal their liabilities.

The decision of the milling company to offer its petition was made at a meeting of the board of directors of the company on Tuesday according to the petition, which bears the signature of J. G. Munday as president of the company.

No schedules of assets or liabilities were appended to any of the petitions which offered as explanations for this the fact that the preparing of schedules would take ten days and that the business of the companies and the banks would be injuriously affected if receivers were not appointed immediately. The court allowed time.

The bankruptcy petitions and the appointment of the receivers follow the closing of a string of banks in which C. B. Munday has interests. One of these is the LaSalle Street Trust & Savings Bank of Chicago, the Lorimer bank.

Potts Orders Investigation. Springfield, Ill., June 18.—R. M. Potts, state superintendent of instruction, today ordered an investigation of surety companies doing business in Illinois. The order was issued he said, because several surety companies had insured deposits in the LaSalle Trust & Savings Bank and other banks closed during the last few days.

WITNESS ASSERTS STEER WHEEL OF EMPRESS DID NOT WORK

Quartermaster Testifies That Wheel Had "Jammed" and That He Had Reported Matter to Officer.

Quebec, June 18.—Assertions by Francis Galloway, a quartermaster, that the Empress of Ireland did not steer well, that her wheel "jammed" only a few hours before the collision which sent her to the bottom of the St. Lawrence and a denial of these claims by officers of the lost Canadian Pacific liner, were the cardinal points in testimony heard today by the dominion commission investigating the wreck.

During the day it was announced that a contract to salvage the Empress had been let but it has not been decided whether an attempt will be made to raise the sunken hull after the bodies and valuables have been removed.

Galway underwent a severe cross-examination at the hands of Lord-Mercy and Appinall representing the owners of the Empress. It was said that an effort was made to get Galloway out of the country, but this was denied by officials.

NEW PRINCIPAL FOR FRANKLIN HIGH SCHOOL.

Charles H. Briggs of McLean county has been employed as principal of the Franklin high school, at \$90 per month. He has been the late principal of the Minonk high school.

Miss Lucretia Hutchinson has returned to Jacksonville for the summer after completing her term as teacher in the kindergarten at Lansing, Mich.

PREMIER CONSENTS TO RECEIVE SUFFRAGETTES

ASQUITH WILL RECEIVE DEPUTATION OF WOMEN TOMORROW MORNING

Miss Sylvia Pankhurst's Threat of Hunger Strike at Entrance to House of Commons is Largely Responsible for Prime Minister's Decision.

LONDON, June 18.—Premier Asquith has capitulated to the suffragettes. He has consented to receive a deputation of women on Saturday morning. Miss Sylvia Pankhurst's attempt to carry out her threat of a hunger strike at the entrance to the house of commons until the premier yielded to the demand that he listen to a delegation of women, was largely responsible for the prime minister's decision. The efforts of James Kier Hardie, the Socialist independent member of parliament and George Lansbury an ex-member also helped the militant suffragette leader to bring the premier to his knees. The victory is distinct one, because Sylvia Pankhurst was arrested about a week ago for attempting to lead a procession of east end women to Westminster to demand the audience which Mr. Asquith now has promised.

Holloway jail opened its doors tonight to release Miss Pankhurst who was weak and pale after her eighth successive hunger strike, but still determined. She drove to Westminster immediately with a woman chauffeur and rebuffed Mr. Kier Hardie's efforts to persuade her to go home. She was sitting on the steps of the central entrance to parliament house propped up with cushions and supported in the arms of friends, when Mr. Lansbury came out when the news that Premier Asquith had surrendered. The position on the steps was then abandoned by Miss Pankhurst who was carried to her car and driven away. Several members witnessed her departure and the crowd cheered. The liberal whip afterwards took pains to issue to the newspapers a statement that Mr. Asquith gave his consent to an audience several hours before Miss Pankhurst paid her visit to the palace yard. The statement added that she had not been forcibly fed during her last incarceration because she was too weak. The premier apparently acted to save her from death by starvation.

GRACE CHURCH MISSIONARY SOCIETY HOLDS OPEN MEETING

Organization Makes Pledge of \$135 for Benevolences—Papers by Mrs. Woodman and Mrs. Herald and Convention Report by Mrs. Gates.

Excellent papers on missionary topics by Mrs. E. D. Herald and Mrs. U. G. Woodman and a report of the convention at Beardstown by Mrs. R. A. Gates were features of the annual open meeting of the Grace Church Missionary society, held at the church Thursday evening at 7:30 o'clock. A pledge of \$135 was made toward the various benevolences and the names of a number of new members were read. Two ladies were made members for life, Mrs. C. M. Hopper and Mrs. J. W. Miller. Musical numbers were furnished by a quartet composed of Mrs. Sylvan Baldwin, Mrs. J. J. Reeve, Mrs. Hopper and Mrs. J. W. Miller.

Mrs. Herald's paper dealt with the problems arising from immigration. She spoke of the reasons for extensive immigration and the problem for the Christian men and women of America that is thereby created. Mrs. Woodman spoke of the missionary duties of the church from the standpoint of the individual.

A pleasing feature of the report by Mrs. Gates was her clever diagnosis of a "sick missionary society." The pledge of the society includes funds for the following institutions: McCluskey Home, Boaz, Ala.; Cunningham Home, Urbana, Ill.; the Slavonic Home, East St. Louis; the kindergarten work in New Orleans.

The new members of the society include: Mesdames Carl Richards, John Davis, James Cook Alex Smith, Newton Sargent, Sidney Jones, G. O. Webster, B. E. Andrews, A. E. Whitney, J. W. Leggett, W. C. Ledford, Julia Agnew and Misses Glinders, Rosetta Swerler, Julia Seymour and Amy Mothershead.

Born this (Friday) morning to Mr. and Mrs. John R. Scott, northeast of the city, a son.

WASHINGTON, June 18.—For Illinois: Fair and continued warm south; showers and cooler in north portion. Friday or Friday night and probably Saturday.

WASHINGTON, June 18.—Administration forces won in the national convention of the Modern Woodmen of America when a vote was taken in a stormy session. Wrangle upon the adoption of the report on credentials ended in a vote of acceptance, two hundred and thirty-three to one hundred and twenty-five. The report of the credentials committee bars from the convention the contested insurgent delegations. The credentials committee report disclosed the relative strength of the contesting forces in the triennial gathering which after four days has by this vote reached the first steps towards permanent organization. Plans of the insurgent leaders to introduce a resolution demanding a probe of the financial management of the order was frustrated by the defeat of their side in the vote upon the committee report.

Members of the uniformed rank made an attractive appearance in the "Rainbow" parade held this afternoon. Headed by Major General Mitchell and his staff, fifty drill teams, twelve bands, many floats and hundreds of automobile parties participated in the parade.

A delegation of Woodmen from Detroit arrived tonight to urge that the national headquarters of the order be transferred from Rock Island, Ill., to Detroit. Threatened legislation in Illinois relative to the taxing of surplus funds of fraternal orders has caused the controversy over the location of the headquarters.

To prevent a repetition of yesterday's riotous scenes during which the insurgents demanded recognition to the point of near violence, police were on duty in the Memorial hall today. Both administration and insurgent factions admitted, however, just before the early session that today's session promises excitement.

"If we don't get a square deal we will make yesterday's sessions seem as mild as the wagging of a lamb's tail in comparison," said insurgent leader J. B. Benthall of Hastings, Nebraska.

The insurgents were promoting an active campaign for the election of E. S. Smith, of Springfield, Ill., as head counsel. Smith, an attorney, has a large following.

According to announcement today Rock Island, Ill., team 26, Captain E. F. Johnson, won first place, the Omaha team, Captain N. C. Marles, took second. In the senior class drills. The Appleton team won first in the pony class.

The ruling of Head Consul Talbot that the fifteen contested Iowa delegates were entitled to seats in the Modern Woodmen of America convention was sustained by a vote of 225 to 132 this afternoon. Votes were cast only by those delegates whose seats were not contested.

The entire early session was given over to a discussion whether contested delegates should be allowed to vote on the temporary roll call.

NEW PRINCIPAL FOR FRANKLIN HIGH SCHOOL.

Charles H. Briggs of McLean county has been employed as principal of the Franklin high school, at \$90 per month. He has been the late principal of the Minonk high school.

OTTAWA SECURES NEXT CONVENTION

RETAIL MERCHANTS ASSOCIATION CLOSE SESSIONS.

Officers Elected For Coming Year.—Subjects of Interest Discussed by Members.—Taylorville Made Strong Bid For 1915 Gathering.

The merchants have come and gone and the state convention is a matter of history. The sessions were only moderately well attended and a good many cities had no delegates. It would seem as if the convention was a good thing and it is rather strange that more delegates were not in attendance for the meetings could not fail to be of value to all members.

Though Taylorville made heroic efforts to get the next meeting it was deemed but fair to give it to Ottawa which had waited for it two or three times. The officers serving seemed generally to be giving good satisfaction and they were mostly re-elected the exceptions being Messrs. Kimball of Elgin. Mr. Jacoby who took the place of Mr. Schmidt, who didn't want to be re-elected, and Mr. Clevens, who took the place of Mr. Berglund, who had retired from business and was not eligible to hold office. The list stood as follows:

President—D. E. Burroughs, Edwardsville.

First vice president—C. J. Jacoby, Alton.

Second vice president—N. L. Baxter, Springfield.

Third vice president—J. C. Strehle, Litchfield.

Treasurer—Charles Abend, Belleville.

Directors—For three years, Louis F. Tissier, East St. Louis; M. J. Kimball, Elgin. For two years (to fill vacancy). A. H. Clevens, Rock Island.

The session was opened by President Burroughs on time and the committee on credentials reported 70 delegates.

Secretary Bambrick said the auditing committee was not ready to report as the task was too arduous, but he could say that \$163.54 would settle all debts.

Each delegation was called on for suggestions and from Alton, Mr. Herb spoke, dwelling on the importance of securing members. They had increased their membership from 140 to 228 in a few days by proper means.

Mr. Sibert of East St. Louis said the merchants wanted better laws. It was well to organize more thoroughly and work together. Sol Westerfeld of Chicago exploded a bomb when he asked all members of the Jacksonville Chamber of Commerce to rise and when three responded he made some caustic remarks about a

city trying to get a convention and then not attending. He said how many from Taylorville and there was a howl from the Taylorville delegation.

T. M. Tomlinson gave him as good as he sent and several better. He said it just happened at that moment that not any were present but the delegates from Jacksonville had attended well and Jacksonville had a good organization. He had been in Chicago six years and had come to Jacksonville to live for he had only existed in the big city by the lake. Jacksonville was all right and so was the Chamber of Commerce.

There were a number of delegates who took R. Westerfeld to task for criticizing Jacksonville, suggesting that it was entirely out of place for a guest of the city to make such comment. Later on Mr. Westerfeld went to Mr. Tomlinson and offered an apology explaining that he really did not mean to criticize Jacksonville, that he was after another city. The incident was closed with good feeling.

George Raschke of Belleville said merchants were too cold to each other and should be less jealous and more friendly. He spoke in high praise of ex-president Geo. Scherer.

From the box came the question, are any using the Ingie credit system. The sentiment was strongly against it.

The time of the year for meeting was discussed and finally it was decided to let the date be in June.

Jonas Johnson of Chicago offered a resolution changing the constitution so that directors would be elected annually. It was not pressed but a motion was passed stating that any director unable to attend to his duties would be displaced.

James Yingst of East St. Louis offered a resolution of respect regarding L. F. Nieman and Hugo Peterson and was adopted by a rising vote. A letter was ordered sent to Geo. A. Smith of Elgin who was absent on account of poor health.

Thanks were voted the Remington Typewriter company for the services of two stenotypists, Miss Bertha Lebkuecher of Beardstown, and Jas. Flynn of Jacksonville, both of the Jacksonville Business college, who will prepare the proceedings for publication; to the Retail Merchants' Fire Insurance company for pamphlets printed; to the Jacksonville Chamber of Commerce, the press of Jacksonville, the hotels, the local merchants organization, and all who have helped make the convention a success.

Paul Fritchey, secretary of the Jacksonville Chamber of Commerce, replied in well chosen words and expressed his loyalty and that of the merchants of Jacksonville to the cause.

Thomas Sullivan of Chicago created a little amusement by presenting Jonas Johnson of Chicago a tin horn with a grandiloquent speech. He showed him how to use it all right. Mr. Johnson replied good naturedly and proceeded to offer some good advice and criticized the member who had found fault with the Jacksonville Chamber of Commerce.

George A. Scherer of Peoria, ex-president and faithful and honored member, was loudly called for and responded with some reminiscences and good advice.

Election of officers followed and resulted as already stated. The secretary, A. G. Hambrook, said he didn't want his office any longer and suggested that two men instead of one be employed to do the work which should be done.

The office is filled by the directors. Then came the choice of a place for the next convention and the Taylorville people were heard from in good shape. Mayor N. M. Purvine put up a strong plea and was followed by others.

E. B. Wharton of Ottawa placed his city in nomination and several endorsed it and several Taylorville. Then the roll call of delegates began but before it was ended Ottawa was so far in the lead that W. S. Scott withdrew Taylorville and Ottawa was chosen.

The auditing committee was ordered to report to the executive committee, and the convention adjourned.

Resolutions Adopted.

1. Whereas, The American Fair Trade League is engaged in the laudable effort to bring about more equitable conditions in the distribution of the manufacturers' products, and

Whereas, We the distributors to the consumer will receive substantial benefits from the successful conclusion of this effort, and

Whereas, The ultimate consumer by the same result will be afforded protection against fraud and deception so frequently practiced on him under present conditions, therefore be it

Resolved, That we endorse the American Fair Trade League and pledge it to our full co-operation.

2. Whereas, The Trustees of the National Association of Retail Grocers consider the time opportune for the development of organization to establish an official publication; and

Whereas, This publication is now in existence and a credit and a valuable asset to our association, therefore be it

Resolved, That this association in convention assembled at Jacksonville this 17th day of June, heartily endorse and recommend to our members their loyal support of the publication.

3. Whereas, Trading stamps have been proven to be a drain upon the retail grocers trade of this country and in addition do increase the cost of doing business as well as the cost of merchandise;

Therefore, Be it Resolved, That we express our condemnation of these stickers as detrimental both to the consumer and retail dealer and urge united action upon the part of this association in having them abolished.

4. Whereas, The retail merchant, through actual experience, has become cognizant of the evil effects of promiscuous price cutting, both as it affects the manufacturer, distributor and the ultimate consumer; and

Whereas, We are thoroughly convinced that the selecting of widely advertised merchandise, of whose value the consumer is familiar, by the price cutter, is only for the purpose of furnishing a bait, wherewith to attract the public in order to sell large profit-paying merchandise, with which the consumer is not familiar, either as to value or quality; and

Whereas, We know that by this method great injury results to manufacturer and distributor, and the practice of deceiving the consumer is thereby facilitated; and

Whereas, To remedy these unfair trade practices, a bill is pending in congress, introduced by Mr. Stevens of New Hampshire, known as H. R. 13395; therefore be it

Resolved by the convention assembled, That we unqualifiedly endorse the provisions of this bill; and be it further

Resolved, That we request our respective congressmen and senators to aid in the passage of this much needed legislation.

5. Whereas the present cost of doing business has greatly advanced when compared with conditions in effect ten or twenty years ago, and,

Whereas, most manufacturers determined the margin apportioned to the retail merchant for distributing his product at the earlier period in accordance with the prevailing cost of doing business then, and

Whereas, The present margin in many cases is not sufficient to pay the cost of distribution plus a reasonable margin for the dealer, therefore be it

Resolved by the Retail Merchants Association of Illinois in convention assembled, That we endorse the action of the last convention of the National Association of Retail Grocers held at Louisville toward providing a more adequate margin and be it further

Resolved, That we ask the trade relations committee of the National Association of Retail Grocers to use all honorable endeavor to bring this about.

6. Whereas, We learn with regret that Mr. A. G. Hambrook, who has so capably served this association during the past three years as secretary, has announced that he will decline further reappointment, and has taken up another connection, therefore be it

Resolved, That this association extend to him our hearty appreciation of the services rendered and that unbounded success may come to him in his new field of labor.

7. Resolved, That unstinted praise be given to the Jacksonville Chamber of Commerce, the hotels and daily press for the entertainment and courtesies made manifest to the delegates and visitors attending the convention.

8. Resolved, That the legislative committee of the state association take up the advisability of presenting a garnishment bill to our legislature and that the assistance of every association in the state be asked to co-operate in an effort to pass a good and needed bill.

Resolutions of Respect.

Report of the Secretary's Assembly by Mr. Yates of East St. Louis:

During the past year it has been the misfortune of the Secretary's Assembly to be deprived through death of two of our most valuable co-workers, Leo F. Nieman and Hugo Peterson, of Chicago, Illinois. These two men were not only co-workers in the Secretary's Assembly, but also in the state association. In due respect to these two men our committee on resolutions have adopted the following:

The Secretary's Assembly has during the past year suffered the loss of two of its valuable members and earnest workers, Brother Leo F. Nieman and Hugo Peterson, of Chicago, Illinois, whose deaths shocked all our members and community in which they occurred.

In view of these facts, we, the co-workers of the deceased do hereby express our grief at the sad loss sustained by the assembly and also the state association and we respectfully ask the 21st annual convention to join in this expression by a rising vote and by ordering this communication entered as a matter of record in the report of the Convention.

(Signed) Secretary's Assembly.

E. V. Wharton.
A. H. Westerfeld.
J. F. Strehle.
G. H. Kingsbury.
Committee.

ROAD OILING.

The road oiling in South Jacksonville to which reference was made recently in the Journal has progressed to a considerable extent. W. H. Clevins doing the work. South Main street has been treated as far as Maple Grove school house and the Vandalla road to the Chicago & Alton railroad crossing near Nichols park. The money for the work has been raised and Michigan avenue will be oiled a few blocks each way from South Main street.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

Drink Good Coffees, "Roberts"

For Good Coffee in the Cup

With every pound you purchase you are entitled to one half pound 35c can Droste's (Dutch) Cocoa for only 25c. At this low price you get the best, most delicate, distinct, different cocoa on the market and as cheap as the average domestic cocoa.

You Use Coffee? Try Droste's Cocoa

ROBERTS' FRESH ROASTED COFFEES

are splendidly suited for the elaborate celebrations, pleasure meetings, private receptions and unusual festivities which are always associated with special occasions.

Blend No. 1—Represents the Genuine Old Mocha perfectly blended together and sold at45c pound

Blend No. 2—Is the most pleasing flavor and is the greatest strength that is possible to produce for the price—our price40c pound

SATURDAY—One of our best features—"LOST IN MID-OCEAN"—Kidnapped in Japan from her husband, the young wife escapes from her villainous captors. She sails for America. The steamer strikes an iceberg and is lost in mid-ocean. Clinging to a part of the wreckage, the girl is saved. All trace of her husband is lost until she is rescued from a burning building and they are strangely reunited. An overpowering dramatic masterpiece. The composite of all that is thrilling and intense. The big drawing card of 1914.

MONDAY, June 22nd—The four part mysterious, spectacular photo drama, "TIGRIS" or "The Master Crackman"—A sensational thrilling melodramatic masterpiece in motion photography. Thrills and surprises follow each other in rapid succession.

We Keep Your Suit New!

The man who does not have his clothes dry cleaned and pressed frequently,—does not get the full wear out of them.

Long before the clothes are worn out the lapels droop over, the coat front breaks, the sleeves wrinkle and pull out at the elbow, the trousers become baggy and lose their shape at the

Our service keeps them clean and fresh, keeps them shaped right and fitting perfectly until they wear out. It's not only an aid to good dressing—but a real economy, as well.

Take advantage of it frequently, bottom, and the entire suit looks old and disreputable.

She expects to visit with home friends for a short time and then go to Leland, Michigan where she and her sister Helen will do some teaching during the summer.

W. H. BRANER CALLED SUDDENLY BY DEATH

Became Ill While Returning From Springfield Last Saturday—Was Member of Many Lodges—Funeral Sunday Afternoon.

William H. Braner, who became suddenly ill last Saturday night upon returning from Springfield, died Thursday morning at 7 o'clock. A year ago last April Mr. Braner was working on the new Sangamo club building in Springfield when he sustained a fall suffering a broken limb and several ribs. He was in a crippled condition for a year and returned to work about two months and a half ago. Mr. Braner was coming to Jacksonville on the 5:13 Wabash train and shortly after reaching the family residence at 411 South East street became violently ill and elapsed into unconsciousness. It was several hours before he regained consciousness and his condition was considered serious from the very beginning.
Mr. Braner had practically lived his entire life in Jacksonville and community and was a man of industry, headstrong and of good repute. He was interested in lodge work and was prominently identified with several organizations, including Uralia lodge No. 243 I. O. O. F., Rebekah No. 13, The Eagles, The Moose, The Macabees, and the Painters Union of Springfield. Mr. Braner had followed the occupation of a painter for a number of years and was a splendid workman. He had secured work in Springfield recently and while there had been making his home with his brother-in-law, E. E. Hatfield of 924 South Eighth street. Mr. Braner had also served for a number of years on the police force and his acquaintance was wide. He was a member of the Central Christian church.
Mr. Braner was born near Concord, October 18, 1862 and married Miss Dorothy Hatfield of that place April 5, 1888. His residence has been in Jacksonville since his marriage.
Besides his widow he is survived by the following children: Mrs. E. F. Johnson of Fremont, Neb.; Weir, Melvin Dale, and Dorothy of Jacksonville. He also leaves his mother, Mrs. Ellen J. Braner and one brother, L. E. Braner.
Funeral services will be conducted Sunday afternoon at 2:30 o'clock from the family residence in charge of Rev. W. M. Groves of Petersburg. The Odd Fellows will take charge of the services, Rev. Mr. Groves being prominently identified with organization. Interment will be made in Diamond Grove cemetery.

Garland & Co. for the largest line of bags, suitcases and trunks in the city.

WINCHESTER.

David Hainsfurther and daughter Madeline have returned from a visit in Minneapolis, Minn., and Moline, Ill.
Paul and Ora Theobald have returned to their home in Jacksonville after a visit with friends here.
Mr. and Mrs. LeRoy Stein of Roodhouse have been visiting with Miss Ruby Smith in Winchester.
Miss Dorothy Callens of Astoria is visiting with relatives here.
Miss Margaret Watt expects to go to Champaign soon to take a six weeks' course in literary work.
Miss Helen Kinson of Bluffs is visiting with her grandparents, Mr. and Mrs. Henry Higgins, in this city.
Mrs. Arthur O'Keefe of Springfield is in the city for a visit with her parents, Rev. and Mrs. J. F. Rodgers.
Mrs. Edward Smith and children and Miss Very Hammon of Odessa, Mo., are visiting with Miss Dona Little, west of Winchester.
Mrs. George Smith is expected to return today from Chicago, where she has been attending the meeting of the General Federation of Women's Clubs.
A number of young people enjoyed a dance Thursday evening at Hazel hall.
Willis Adams, who resides near Winchester, is busy cutting 35% acres of wheat. An unusual sight was witnessed on Mr. Adams' farm Thursday when he had three binders working behind one traction engine.
For Palm Beach and Mobair Suits stop at Garland & Co. \$7.50 to \$16.50.

MR. TAIT'S RUNNING MATE.
When Mr. Tait ran for president in 1908 his running mate for Vice President was the honorable James S. Sherman of Utica, N. Y. Mr. Sherman had been mayor of Utica and member of congress from that famous district, which was the home of Roscoe Conkling and Horatia Seymour. Owing to his genial disposition Mr. Sherman was nicknamed "Sunny Jim". He was re-nominated for vice president at the Republican national convention held in Chicago in 1912, but he died October 30, 1912.
Governor Herbert S. Hadley of Missouri received the electoral votes that had been expected to be cast for Mr. Sherman.

For Palm Beach and Mobair Suits stop at Garland & Co. \$7.50 to \$16.50.
NOTICE K. of P. AND D. O. K. K.
Mr. Harold Johnson has invited the above lodges to be his guests to-night at the Grand Opera House. All members who meet at Castle hall at eight o'clock and march in a body, will be admitted free.
STRAIGHTENING TELEGRAPH LINES.
A gang of Western Union line men is working along the Chicago & Alton railroad in this city, straightening the lines of the telegraph company. New poles are being installed in a number of places.

ARE YOU GOING AWAY FOR THE SUMMER?

You will need the Jacksonville Journal and you can have it every day. If possible you will appreciate it even more highly than when you are in the city. It will be better than a long daily letter from your dearest friend at home. It will keep you in touch with Jacksonville, besides giving you, as always, all the news of all the earth.
Call up the Circulation Department, either phone, 64. Or if convenient to you and to prevent any possible mistake in transmitting telephone message, just mail a post card to The Jacksonville Journal Co., giving both the old and new address, and the change will be promptly made.
Price of Journal to any postoffice in the United States (address changed as often as desired) is ten cents per week.

The American Standard Mop

"The Mop With a Backbone."

Cuts Your Mop Bills in Half

The "backbone" makes the difference Made in 5 sizes

An absolutely NEW idea in mop-making—Simple—Practical—Convenient—Durable—Satisfactory—Economical—Inexpensive.

The superior quality of cotton, the scientific manner in which it is prepared and spun make the American Standard Mop last twice as long as any other. This durability and the many advantages of the "backbone" is the reason why this is

The Only Mop To Use.

Costs no more than the ordinary kind, but lasts twice as long. A trial will convince you that this is the mop you have been looking for.

EPWORTH LEAGUERS IN CONVENTION

Jacksonville District Gathering at
Carrollton With Fine Attendance
—The Officers of the District.

The twenty-first annual convention of the Jacksonville district Epworth league met Tuesday and Wednesday in the Methodist church at Carrollton with a good attendance and fine sermons throughout. The general theme was efficiency and there was a spirit of devotion and consecration throughout that was most gratifying. There was special music and among the performers were Prof. J. A. Carson, Carrollton, organist; Miss Mary Whiteside, Carrollton, piano; Miss Verna Bramley, Palmyra; Misses Florence Green and Dean Clough, Carrollton, vocal; Peerless quartet, Carrollton; Astoria concert orchestra, Rev. E. A. Hodges, leader with eighteen pieces.

The program began Tuesday afternoon with a Pentecostal service led by O. T. Purl, Carrollton and this was followed with several addresses and special music and in the evening came the grand banquet. It was a delicious, three course dinner served by the ladies' aid society of the Carrollton church and as highly praised by all who attended.

Rev. C. L. Bell of Palmyra was toastmaster and the addresses sparkled with wit while eloquence, devotion, spiritual uplift were not lacking. One of the best addresses of the occasion was by Miss Florence Fox of this city on "Some Keys to the Situation."

Wednesday morning communion service was conducted by Rev. F. A. McCarty of this city and it was deeply impressive. Wednesday morning there was another excellent address on "District Junior Work" by Miss Inez Kelly, district junior superintendent, of this city. Wednesday afternoon there was a strong address on "What We Ought to do for Missions" by Rev. G. W. Flagg. The gentleman eloquently set forth the duties and obligations of favored nations to those who sit in darkness and aroused a deep interest in this all important subject.

The delegates from this city were Rev. P. A. McCarty, Rev. and Mrs. G. W. Flagg, Rev. Ray H. Bracewell, Miss Stella McCarty, Mr. and Mrs. E. G. Carr, Miss Florence Fox, Miss Nell Fels, Miss Clara Ranson, Miss Jeanette Sheppard, Miss Stella Shuff, Miss Marie Miller, Miss Emma Elliott, Miss Rose Ranson, Clyde Black, Frank Bourn, Miss Inez Kelly, the Rev. W. W. Theobald and Miss Effie Theobald.

The Officers.

The officers of the district are: president, C. C. Grimmer, Palmyra; first vice president, Rev. A. K. Byrns, Beardstown; second vice president, Miss Julia Boring, Greenfield, third vice president, Miss Tillie Warner, Astoria; fourth vice president, Rev. C. L. Bell, Palmyra; corresponding secretary, Clyde Black, Jacksonville; treasurer, Merle Yockey, Beardstown; junior superintendent, Miss Inez Kelly, Jacksonville. The contest in oration Wednesday evening was won by Miss Clara Wilson of Waverly, with the subject, "The Work of the Epworth League." The following young people participated in this fourth annual oratorical contest of the Jacksonville District Epworth League: Alfred Treadway, Virginia; Miss Louise Peace, Manchester; Miss Margaret Green, Naples; Raye Ragan, Palmyra; Miss Kathryn Falkenstein, Astoria.

Any style in underwear can be found at Garland & Co. 50c to \$3 per suit.

SOCIAL EVENTS.

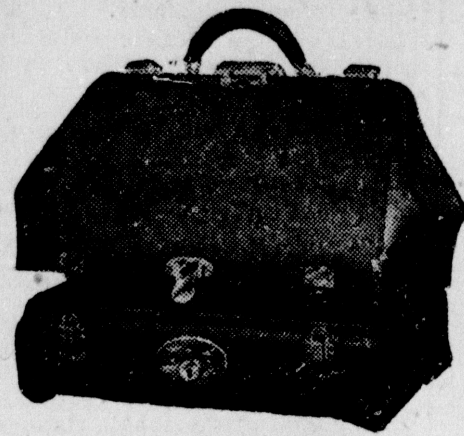

A lawn party was given at the home of Miss Florine Baldwin, 429 East Superior avenue, Wednesday evening, in honor of the Ruby Seal class of the Central Christian church. Music and games were features of the evening's entertainment. Refreshments were served at a late hour. Among those present were: Augusta and Ruth Carlson, Mary Moxon, Ruth and Della Ferguson, Mary Mitchell, Geneva Augor, Bertie Kelly, Ella Crawley, Clarence Taylor, Bert Bishop, Gary Whitlock, Harold Otto and Durrell Ferguson, John and Ralph Cowger, Harry and Roy Sandberg. The lawn was attractively decorated with jack o' lanterns and the evening was most pleasant in every way.

At a very delightful company given yesterday by Mrs. James H. Danskin, announcement was made of the engagement of Miss Dorothy Danskin and Mr. William Newman, Jr. The hostess had invited forty intimate friends in for a sewing and it was not until near the time for parting that the real purpose of the event was disclosed. When refreshments were served each guest received a beautiful Killarney rose, with a card attached bearing this legend: "Sub-rosa, Dorothy Messinger Danskin, William Newman, Jr., September, 1914."

The announcement of the engagement and of the marriage to be in the early fall month thus made was at once a surprise, and yet not surprising, and as the guests read the cards there came hearty expressions of good will and congratulation. The wedding in September will be an important social event from the fact that a marriage bond is to be established between two Jacksonville families of such prominence. For the event Thursday afternoon the Danskin home had been very attractively decorated with Killarney roses and Bermuda lilies and all of the arrangements were such as to add to the pleasure of the company.

LEAVE FOR EAST.

Dr. and Mrs. H. L. Crouch expect to leave Saturday for the east. Mrs. Crouch will go to Baltimore, where she will consult Dr. Howard Kelly. Dr. Crouch will go on to Atlantic City, N. J., where he will attend the sessions of the American Medical association.

HOLD BIRTHDAY SOCIAL.

Ladies of Congregational Church
Gather on Lawn Thursday Afternoon.

The ladies of the Congregational church enjoyed a birthday social on the lawn of the parsonage Thursday afternoon from four until 6 o'clock. Refreshments were served and an interesting feature of the afternoon was the recitations of how the ladies made their contributions to the society fund. It was decided to abandon the method of giving socials as a means of raising funds for the society and instead, each lady was to give a dollar and at the meeting yesterday told how they earned the money. Some of the recitations were in rhyme and they formed a very interesting part of the program.

The hostesses, whose birthdays come in March, April, May and June, were: Mrs. G. W. Brown, Mrs. J. W. Bowen, Mrs. William Bancroft, Mrs. F. J. Waddell, Mrs. E. P. Kirby, Mrs. E. P. Brockhouse, Mrs. H. M. Capps, Mrs. W. S. Camp, Mrs. S. A. Fairbank, Mrs. M. H. Havenhill, Mrs. George S. Gay, Mrs. Charles Keefe, Mrs. M. L. Robinson, Miss Frances Wood, Miss Jean Jenkins, Mrs. B. W. Smith, Mrs. C. H. Smith, Mrs. Ada Rantz, Miss Catherine Carter and Miss Georgia Fairbank.

You'll find that straw hat to please you at Garland & Co.

CONFUSES CITY MAN.

J. O. Vosseller of this city was in the Sinclair neighborhood Thursday and his business took him to the wheat field of Amos Swain, where the men were engaged in shocking bearded wheat. Mr. Vosseller was dared to shock some of the wheat, and he immediately doffed his coat and went to work. After turning some bundles over first one way and then another, he finally landed three or four bundles against the shock, pushed his hat back on his head, wiped the perspiration from his brow and turning to Mr. Swain, asked: "Is this oats?"

Swell Corns? Try Wonderful "GETS-IT"

Greatest Corn-Cure World Has Ever Known. "Gets" Corns Sure as Fate. Thousands say "GETS-IT" is simply magic. If you've tried nearly everything under the sun to get rid of those corns, so much the better for "GETS-IT." Corn

freedom is yours at last, not next week or next month, but right now! "GETS-IT" goes after corns as a crow does corn. There are no more thick, plastered and greasy salves that don't remove, no more files, razors and jabbers that make corns grow. Put a few drops of "GETS-IT" on and see every corn and callus shrivel and vanish. That's the new way, the painless, sure, safe, quick way. Only "GETS-IT" can do it. Apply it in 3 seconds. Every druggist in the land sells "GETS-IT." 25 cents a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Jacksonville by Armstrong's Drug Co.—J. A. Obermeyer.

SENATOR STEPHENSON IS NOW EIGHTY FIVE YEARS OLD

Banks as Most Aged Member of the United States Senate—Has Interesting Business Career.

Washington, June 18.—Senator Isaac Stephenson of Wisconsin, who has the distinction of being the oldest member of the United States senate, celebrated his 85th birthday anniversary today. Mr. Stephenson's term in the senate will end next March and it is understood he will not be a candidate for re-election.

The career of Senator Stephenson affords a striking illustration of what may be accomplished by energy and determination in the face of obstacles that many would regard as insurmountable. His birth place was a small farm near the city of Fredrickton, N. B. His parents were extremely poor and young Stephenson was not able to acquire more than an elementary education before he had to go to work to assist his parents in supporting the family. When a mere lad he went to Bangor, Me., and a year later he joined a family going to the wilds of Wisconsin to seek a new home.

The future senator worked hard and faithfully and at the age of 17 plowed 130 acres on and near Janesville, Wis., and helped put in 400 acres of wheat. In the winter he went to the lumber region and hauled logs with a team of six oxen. In 1847 he was placed in charge of a lumber camp and in 1850 he engaged in the lumber business on his own account. During the summer he sailed a vessel between Milwaukee and Escanaba and when winter came he returned to the hard work in the lumber camps.

In 1857 Mr. Stephenson purchased a quarter interest in some lumber and saw mills and later acquired control of the corporation, which was capitalized at \$700,000. About the same time he became associated with Wm. B. Ogden, Chicago's first mayor, in the Peshtigo company, with a capital of \$1,500,000 and built for it the largest woodenware factory in the world. Mr. Stephenson was the first man to tow barges on Lake Michigan. In association with Jesse Spalding and William L. Strong, he organized and built the Sturgeon Bay canal, which was afterwards sold to the government.

He was selected by the lumbermen of Wisconsin in 1867 to devise a plan for running logs on the Menominee river and built the boom that handles more logs than any other in the world. He became president of the Stephenson National Bank of Marinette and head of several of the largest lumber companies in the country. He placed the first steamboats on the rivers of Wisconsin and for many years has been interested in almost innumerable commercial and financial enterprises in Wisconsin and the neighboring states.

The public career of Senator Stephenson dates from 1866, in which year he was elected to the Wisconsin legislature. In 1883 he was elected to congress and retired voluntarily after having served three terms. He did much to advance the political interests of Robert M. La Follette and was a candidate for the United States senate when the late Joseph V. Quarles was elected, and again when Mr. La Follette was chosen at the end of Senator Quarles' term.

Mr. Stephenson came to the senate in 1907 to fill out the unexpired term of Senator Spooner, who resigned. Later he was elected for the full term of six years. After his election charges were made by his political opponents that he had been elected as the result of corruption. After full investigation of the matter the senate committee on privileges and elections reported that the charges were not proven.

PRAYER MEETINGS ARRANGED.
Beginning this afternoon and during the summer there will be an informal gathering and prayer meeting at the home of Mrs. Mary J. Blunt, 507 South Prairie street, every Friday afternoon from 3 to 5 for the temperance cause for our city and churches, for Mexico, Japan and other foreign countries.

HAD PICTURE TAKEN.
The Taylorville contingent had their photographs taken in their automobiles yesterday morning and made an impressive array. They were well pleased with their treatment at the Grand hotel and in the city generally and went home in good spirits even if they did fail to secure the convention for next year.

The Old Story

By WALT MASON.

There's always something, and repeat, to make us weep and sigh;

we're looking for big crops of wheat, then comes the Hessian fly. "Vast tracts of grain," the papers claim, "are ruined by this pest, and farmers, weary of the game are moving further west. And thus the splendid prospect ends—all estimates have shrunk." And nearly all such talk my friends, is piffle, con and bunk. The farmers fear the price will slump if prospects seem too bright, and so such fairy tales they pump into the jaws who write. You'll see the stately wheat stacks rise at harvest time, don't fear; and none will miss what Hessian flies have destroyed for us this year. And scores of bogies that we hate, that wear and tear the mind, are haunted by some selfish skate who has an ax to grind. When we behold a thing of fear, it's safe to bet, by jings, that there's a speculator near who sits and pulls the strings.

BARREL-LIKE EFFECTS IN THE LINES OF SMART SKIRTS FROM PARIS.

Short skirts are being featured by many French dressmakers on gowns designed for street wear. The dress shown here is not only short, but narrow around the lower part. The width is seen in the tunic and in the frills of the short coat that give the hips a marked fullness. The garment is a plaid tulle combined with a little of the plain material.

MANY ILLINOIS CITIES TO CELEBRATE.

Springfield Starts Movement for General Observance of Centennial Year.

Springfield, Ill., June 18.—A new form of celebration of Illinois Centennial year has developed. It is a proposal for the marking of the anniversary in enduring form, by municipalities throughout the state.

The movement started in Springfield, where it is proposed to erect a municipal building, a modern high school, a memorial statue in one of the city parks, or some other form of permanent memorial that will appropriately record the wonderful progress that has been made in the first one hundred years of Illinois statehood.

Members of the Illinois Centennial commission, created by the legislature, to arrange for the general observance of centennial year are in enthusiastic accord with the suggestion for municipal celebrations of the centennial and will gladly furnish any information desired in reference to the plans of the commission or the erection of Centennial memorials.

It is expected that the example set by the residents of Springfield will be followed by public spirited citizens of many other municipalities throughout the state and that in addition to the various forms of celebration arranged by the Centennial commission there will be local observance of the anniversary with the erection of permanent memorials that will be a credit to their respective communities and a fitting recognition of the importance of the one hundredth anniversary of the admission of Illinois to statehood.

MEETING OF TEXAS EDITORS.

Wichita Falls, Texas, June 18.—Texas editors, their families and friends took Wichita Falls by storm today and will remain in possession of the city until the end of the week. The occasion is the annual convention of the Texas Press association, the membership of which embraces the publishers and editors of newspapers in every part of the state. Several prominent publishers from other states will address the convention and experts will discuss every phase of newspaper making.

COMMENCEMENT AT CLARK UNIVERSITY.

Worcester, Mass., June 18.—Many distinguished visitors participated in the commencement exercises at Clark university today. The address to the graduating class was delivered by Dr. Romulo S. Naon, the Argentine minister at Washington, who selected for his topic, "The Moral Sense of the People as a Condition of Success in a Democracy."

GOVERNMENT ADVISES FARMERS ABOUT LOANS

Five Rules are Suggested With Reference to Borrowers—Theory With Reference to Planet and Weather Relationships Explained.

The government's letter to crop correspondents this week has a number of interesting articles. One subjects considered presents five rules for farmers in borrowing money and another discusses the relations of planets to the weather. The writers seem to believe that as many farmers suffer from too much credit as from too little and that the planet locations really have no relation to weather conditions. Both articles are reprinted here:

Five Rules for Borrowing Money.

Five rules designed to convince farmers that there is no magic about credit are set down in Farmers' Bulletin 593, "How to Use Farm Credit," which the farmer department has just published. Unless the farmer who is thinking of borrowing money fully understands these rules and willing to be guided by them, the government's advice to him is: don't. As it is, there are probably almost as many farmers in this country who are suffering from too much as from too little credit.

Of these rules the three most important are:

1. Make sure that the purpose for which the borrowed money is to be used will produce a return greater than needed to pay the debt.

2. The length of time the debt is to run should have a close relation to the productive life of the improvement for which the money is borrowed.

3. Provision should be made in long time loans for the gradual reduction of the principal.

The first rule is, of course, the key to the wise use of credit. Between borrowing money to spend on one's self and borrowing money to buy equipment of some sort with which to make more money there is all the difference between folly and foresight, extravagance and thrift. If the money is borrowed for a wise purpose it will produce enough to pay back principal and interest and leave a margin of profit for the borrower into the bargain. If it is borrowed for a foolish purpose it will produce nothing, and consequently there will be nothing with which to repay the loan. From this point of view it matters comparatively little whether the interest be high or low. It is the repayment of the principal that is the chief difficulty.

Rules 2 and 3 deal with the most satisfactory ways of repayment. Underneath them both is the same principle: The loan must be repaid with the money it earns itself. For example, if the money is used to buy a machine that will last 10 years, the machine must earn enough in that time to pay for itself or it never will.

The loan, therefore, should be entirely repaid before the 10 years are up or the farmer will lose money on the transaction, paying out interest for no benefit in return. On the other hand, if too early a date is set for repayment, the machine will not have sufficient opportunity to make the requisite money and the borrower may have difficulty in raising it elsewhere. Rule 3 provides for some form of amelioration, the system by which the principal is repaid in installments so that the amount of the loan is continually diminishing and in consequence the interest charges also. Such a system is quite feasible when the loan is really productive, when it returns to the borrower a definite revenue to pay off principal and interest in varying periods of time are appended to the bulletin and are recommended to the serious consideration of everyone who contemplates borrowing money. The bulletin also advises the farmer to secure the lowest possible interest. At first sight this seems too obvious to be worth mentioning. Of course, the interest should be as small as possible. Everybody knows that except the lender. But if the other rules are observed, if the borrower manages his financial affairs soundly, he will be surprised to find how much easier it is to obtain favorable terms. The right kind of lender does not want to foreclose mortgages; he wants his money back with a fair profit, like any other merchant. For money that is borrowed wisely, for money that is sure to be repaid, he charges low interest.

This, in fact, is why the government has published these rules for borrowers. It is not so much a matter of driving a shrewd bargain as it is of observing a few fundamental principles which alone can make credit a blessing and not a curse.

Do Planets Affect Our Weather?

One of our correspondents wishes us to tell him through the News Letter whether the positions of the planets have any effect on the weather.

A few people strongly assert that they do, while many others, like our correspondent, have their doubts. But are willing to be "shown." Those, however, who have given the subject careful attention are positive that none of the planets, nor even the moon, ever has any appreciable effect on the weather.

As a matter of fact all weather changes depend ultimately upon temperature differences. The temperature, as we know, constitutes of itself a most important weather factor. Another and equally important weather factor is rainfall. But to obtain rain it is necessary first to evaporate water from the surface of the earth, and this, as everyone knows, requires heat. Still another important weather factor is the direction and force of the wind, and this too, requires heat for the winds will not blow unless the temperature is different at one place from what it is at another any more than the air will draw up a chimney when there is no fire in it.

Since then the heating of different parts of the earth and its atmosphere to different temperatures is the real cause of the winds and of all weather changes it follows that the moon and the planets can affect

the weather only so far as they supply heat.

Now, according to accurate measurements made with the most delicate instruments, the amount of heat sent to the earth by all the planets and also by the moon is insignificant in comparison to the amount that comes from the sun. Hence we could not expect either the planets or the moon appreciably to affect the weather. They do not supply enough heat, the one thing that causes all our weather changes.

To most people the above reasoning may seem quite sufficient and conclusive, but there is still another and entirely different method of testing the whole question. We can observe the positions of the planets and the kind of weather during each position and see whether the same sort of weather always comes when the planets are in the same position. This kind of examination has often been made, both for the planets and for the moon, but not the slightest influence of either upon our weather has ever been found.

To sum up: We have every reason to believe that neither the planets nor the moon can have any appreciable effect on the weather, because they furnish so little heat upon which all weather changes ultimately depend, and this belief is fully supported by weather records.

The belief, still to be found in all countries, that the planets and the moon do affect the weather never had any scientific basis whatever; it is only a remnant of many superstitions generated and fostered by that other and greater superstition.

IMPORTANT LAND SALE.

Don't fail to attend the Herman Freitag land sale Saturday, June 20, 2 p. m., at the court house. For any information desired call William Batz, executor.

LAKE SHORE "WHITE MEAT" OF NEW YORK CENTRAL SYSTEM

Representative of Minority Stockholders of Road Oppose Scheme for Consolidation of the Two Roads.

Springfield, Ill., June 17.—"The Lake Shore is the white meat of the New York Central system," was the declaration today of H. M. Daugherty of Columbus, representing the minority stockholders of the road who are opposing the scheme laid before the Illinois public utilities committee for a consolidation of the New York Central and the Lake Shore. The minority stockholders represent ten per cent of the stock of the Lake Shore.

"The minority stockholders are offered \$500 a share for their stock in the reorganized company," stated Attorney Daugherty, "and they are not willing to accept the offer for the simple reason that their stock is worth \$1,240 a share."

Albert Harris of New York, vice president and general counsel of the New York Central, outlined the consolidation plans.

"The New York Central now owns nine-tenths of the Lake Shore stock," said Mr. Harris. "The New York Central last year, after having charged against it interest on Lake Shore indebtedness, paid a dividend of \$6,000,000. The consolidation means that the minority stockholders of the Lake Shore will participate in these earnings in addition to the dividends they have been receiving from the Lake Shore."

Consolidation plans provide for a capitalization of \$250,000,000.

Two base hits—Burns, Stock, Coleman. Three base hit—Doyle. Stolen bases—Burns, Kelly, Carey. Bases on balls—Off Demaree, 1; off Adams, 1; off Harmon, 3. Struck out—By Demaree, 7; by Adams, 3. Hits—Off Adams, 6 in 6 innings; off Conzelman, 2 in 1 inning; off Harmon, 0 in 2 innings.

Cincinnati, 4; Brooklyn, 1. Brooklyn, June 18.—Today's game between Brooklyn and Cincinnati was another battle royal, the visitors winning 4 to 1 by bunching their hits in the first and ninth innings. Allen started the pitching for Brooklyn and lasted one inning. Schmutz held them hitless until the ninth, when four singles in a row sent two runs in.

St. Louis, 6; Boston, 5. Boston, June 18.—In a game that dragged through two hours and thirty seven minutes, St. Louis defeated Boston today six to five, scoring two runs in the first half of the ninth inning after two men were out.

St. Louis used two pitchers in the ninth, Perritt, who started the inning being taken out after he had hit Evers, the first man up.

OBITUARY.
Mrs. Elizabeth Shelburn, aged 72 years, died Sunday afternoon at 12:30 o'clock, June 14, 1914 at her residence, 953 East College avenue.

Mrs. Shelburn was born in Spencer county, Ky., Feb. 28, 1842, and was the daughter of J. W. and M. Linda Ashley. She came to Illinois in 1845 and has since resided in this state.

The deceased was married to Augustus Shelburn Sept. 14, 1865, at Carlinville, Ill., and is survived by her husband, two sons, F. C. and J. W. Shelburn, and two grandsons, all of this city; three brothers and one sister, W. T. Ashley of Jacksonville, John S. and Silas Ashley and Mrs. Nannie Means of Oklahoma.

Shamrock IV., New Cup Challenger, Has Immense Spread of Canvas.

Copyright, 1914, by American Press Association.

Here is the first photo of the Shamrock IV. to reach this country. Lipton's new cup challenger recently made her maiden trip under the handling of W. P. Burton, the famous amateur skipper, who will sail her in the race. As the picture shows, the boat has an immense spread of canvas and has a heavy enough hull to stand up under severe weather.

BLOOMERS WIN EASILY FROM WATCHMAKERS 6-2

Bloomington Bunches Hits in Early Innings—Other Three Eye League Contests.

Bloomington, Ill. June 18.—Marks was strong at all stages today, while Wilhelm was hit hard, Bloomington winning easily 6 to 2.

Peoria 12, Danville 11. Peoria, Ill. June 18.—Peoria defeated Danville today 12 to 11. Selby's bat kept the Boylers in the running, but Jack Beatty's willow provided two timely triples and a single, the latter breaking up the game in the ninth. Score: Peoria 12 0 10 0 4 2 11 11 6 Danville 11 3 0 2 0 3 11 13 7 Batteries—Seaman and Yelle; Selby, Cummings and Erlorf.

Decatur 3, Davenport 2. Decatur, Ill. June 18.—Ollie Kirmayer won his third consecutive game from Davenport today, 3 to 2. He whiffed eleven and held the visitors to five hits.

Hendrix forced in Blitz for the winning count in the ninth by passing Scherer with the bases filled.

Score:
Decatur 200 000 001—3 6 1
Davenport 000 000 002—2 5 0
Batteries—Kirmayer and G. O'Brien; Hendrix and Simpson.

Dubuque 3, Quincy 2. Quincy, Ill. June 18.—Two bases on balls issued by Pitcher Cummings of Quincy were responsible for two runs, the Dubuque club winning 3 to 2.

LITCHFIELD MILLING COMPANY BANKRUPT.
Litchfield, Ill., June 18.—Bankruptcy proceedings are to be brought in the federal court at Springfield by the Litchfield Mill and Elevator company, a concern in which Lortimer-Munday funds were invested. Attorneys for the milling company, a \$100,000 corporation, went to Springfield Thursday to file the proceedings, it was said.

INSTRUCTOR AT MILITARY ACADEMY A BANKRUPT.
Harry Lancaster, an instructor in the Bunker Hill Military Academy at Bunker Hill, Ill., filed a bill in bankruptcy in the federal court Thursday.

He placed his liabilities at \$28,000 and his assets at \$4,050.

NEWS IN BRIEF.

—The Mahomet Methodist church has been redecorated.
—W. A. White, formerly of Campaign, has returned after an absence of 21 years. He has been in Mexico for many years.
—Mahomet will let contracts for the laying of 6,000 feet of concrete walk.

—The Cullom board of trustees has been petitioned by 100 people to permit picture shows to run on Sunday.
—L. A. Jurgensmeyer of Homer was arrested three times last week for speeding his auto.
—Committees have been appointed to prepare for the celebration of the Fourth of July at Pontiac.

—An effort is being made to place the Sibley high school on the accredited list of the University of Illinois.
—At 11:15 o'clock Monday Otto Tegell of Chenoa was injured while attempting to alight from a train still in motion. The injured man jumped from the train at Bloomington and fell heavily upon his head. He is severely injured about the head and back.

—Samuel Daniels, a foreman, was killed and five workmen seriously injured by an explosion in the plant of the National Art Novelty company near Chicago.

—Six Millikin students five of them members of the senior class, narrowly escaped from being killed Monday morning when the automobile in which they were driving to Niantic to attend the annual senior breakfast and picnic skidded and turned over just north of town. Samuel Tension, president of the class, was the only one of the party to be injured, receiving a badly cut ear, a broken finger, and a wrenched leg besides a tooth knocked out and minor bruises.

—Francis Dunkin of Bloomington, on trial for murder in connection with the killing of Editor John Zoelhoeffer of Leroy, was acquitted. Dunkin admitted the killing, but alleged self defense and the unwritten law.

—Two unknown men were stuck Monday night by an L. & N. train east of Nashville. One was killed, and the other was probably fatally injured. The men were found Tuesday Mrs. H. C. Finke and son, who were berry picking.

—Rev. Clarence Defurr, pastor of the First Christian church of Urbana, gave his congregation a surprise by announcing his resignation to take effect on September 1. He resigns to accept a call from the First Christian church of Frankfort, Ind., which pays a much larger salary than the local church.

—In the big class receiving degrees at the University of Illinois commencement exercises this week are two from Jacksonville. They are: Ralph Harlan Linkins, A. B. A. M., in zoology, and Henry Gardner Wood, B. S., in electrical engineering. Wilson Marshall Smith, A. B., in arts and letters, and Edwin Rollin Spencer, A. B., in education, both of Waverly, are among the graduates. Harry Truman Barber of Pittsfield graduates in agriculture.

ILLINOIS SPANISH WAR VETS.

East St. Louis, Ill., June 18.—More than 1,000 delegates and visitors were present here today when the eleventh annual encampment of the United Spanish War Veterans, department of Illinois, got under way. The encampment will continue three days. Interspersing the daily business sessions will be numerous features of entertainment provided for the visitors by Nelson Miles Camp No. 62 of this city.

G. O. P. CONVENTION IN TACOMA. Tacoma, Wash., June 18.—The Republican state convention was called to order here today with a full attendance of delegates. The principal work of the convention is to frame a platform for the coming state campaign and to ratify the action of the Republican national committee in changing the basis of representation in the national conventions.

HARVARD FAVORED TO WIN ANNUAL RACE

CRIMSON CREW IS FAVORITE, THOUGH ODDS ARE SLIGHT

The Yale combination is conceded to be composed of powerful oarsmen and physically there is little to choose between the two crews—Race Will Be Test of Two Coaching Systems.

NEW LONDON, Conn., June 18.—On the eve of the forty-eighth regatta between the crews of Harvard and Yale universities the same uncertainty prevails that has marked the night before the annual aquatic contest on the Thames river for the past few years. Harvard's crews are favored to win, but it is conceded that the Yale combination, composed of powerful oarsmen, contains possibilities that cannot be disregarded.

In fact, it is the tried and proven coaching system of the Crimson navy as opposed to the Yale experimental methods that causes the Cambridge crews to stand as popular choices tonight. For the past six years Harvard's varsity eight have decisively defeated the blue oarsmen and in some seasons the varsity four and freshmen eights have followed suit, sweeping the river under the coaching of Jim Wray. During this period of Crimson success the Yale coaching policy has undergone several changes, none of which has been productive of victory. Under the circumstances it is but natural that Harvard's crews should be favorites in the wagering, even though the odds are slight.

Veteran oarsmen, however, have not lost sight of the fact that the Ell crews, especially the varsity eight, have been coming fast during the past three weeks of practice on the Thames and that physically there is little to choose between the rowing squads of the two universities. Considering the varsity four mile race alone, it is believed that the two eights will leave the starting line on virtually even terms. After the first spurt the sixteen oarsmen will settle down to a test and demonstration of coaching system and rowing policy.

If the Yale sweep swimmers can hold to the form and methods of rowing as taught by Guy Nickalls, the famous Oxford University oarsman and member of the English Leander crew, without being outdistanced early in the race, victory for Yale is far from an impossibility. Should it develop, as was the case last June, that the Blue crewmen become demoralized by Harvard's machine-like stroke and early lead, there can be but one outcome to the race. In their anxiety to increase the power and speed of the stroke each oarsman will row at variance with his own natural pace and a procession will result, with Harvard setting the pace. This was the case in 1913, and with that experience still firmly fixed in their minds the Yale rowing authorities have labored hard to prevent its repetition.

Consequently the race is expected to resolve itself into a test of the efficiency of the coaching systems of the two university navies. Wray and Harvard are synonymous when college rowing is discussed, and his record since he signed his first contract to coach the Crimson crews has been one of remarkable success. The same cannot be said of the Yale system in recent years. Professional and amateur coaches, both English and American, have been tried, but to date the results have not been satisfactory. Many close observers of the situation have claimed that the poor showing was due to the lack of continuity of any one system.

It is certain that radical changes followed the overwhelming defeat here last year. Hartcourt Gold and A. G. Kirby, the English coaches of 1913, returned to England, and after many conferences it was announced that Guy Nickalls and C. F. Giannini would coach the 1914 crews. The official statement read as follows:

"Captain Denegre announces, with the unanimous approval of the graduate advisory committee, that he has appointed Mr. Richard Armstrong, S. of Hampton, Va., captain of the '95 crews, as resident graduate manager of rowing. Mr. Armstrong has asked Mr. Guy Nickalls and Mr. C. F. Giannini (of the New York Athletic club), to assist him in the active coaching and training. Yale will not row the stroke used in recent years."

Under the coaching of Nickalls and Giannini the winter and spring training routine moved smoothly until the Yale eight finished last in the triangular regatta against Cornell and Princeton on Cayuga Lake, Ithaca, May 23. Cornell led Princeton by a length at the finish, while the Tiger oarsmen swept home four lengths ahead of the Blue in a two-mile race. Friction followed among the Yale coaches as a result of the showing, but matters were adjusted to the satisfaction of all and improvement in the rowing has been marked during the past few weeks. Since the crews have been quartered at Gales Ferry the varsity has had several time trials covering the four mile course just under or over 20 minutes.

Harvard's preliminary races were as unsuccessfull as that of the Ell oarsmen. On April 25 the United States Naval Academy eight defeated the Crimson first crew by a half length over a mile and five-sixteenths course at Annapolis, the winners' time being 6 minutes 43 seconds. Just a month later Cornell defeated Harvard on the Charles river basin at Boston by a little over a length in a mile and seven-eighths race in 9 minutes 33.5 seconds. Harvard spurred throughout the entire race, but could not quite hold the Cornell crew, despite the extreme effort which left the Crimson oarsmen exhausted at the finish.

Better success attended the efforts of the Harvard second crew,

which will meet a Yale eight in place of the varsity four race of previous years. This combination, which is entered to row in the English Henley July 1-4, defeated the naval academy second eight and won two races in one day at the American Henley at Philadelphia on May 16. Many experts declare that there is little difference in the ability of the Harvard varsity and second eights and the fact that the second crew defeated at Philadelphia the Union Boat club eight, composed of former Harvard oarsmen who are also entered for the English Henley makes this shell a strong favorite over the Yale second crew for tomorrow's race.

The program, subject to wind and weather conditions, calls for the rowing of two minor races tomorrow forenoon and the main event late in the afternoon. The freshmen eights will row down stream over the two mile course from Bartlett's Cove to the Navy Yard. After the completion of this race the second eights will meet in a two mile race from the Navy Yard to the railroad bridge. The varsity four mile race will be rowed up stream, starting from the railroad bridge at 4:30 p. m. and finishing at Bartlett's Cove. After the usual celebration, the oarsmen will break training, with the exception of the Harvard second crew, which sails for London on Saturday, and the shells and sweeps stored for another year.

Although the Harvard rowing star has been in the ascendant during the past few years, the history of the dual regatta shows that so far as the varsity races are concerned the rival universities are evenly matched. Forty-seven races have been rowed since the first crews met on Lake Winnepesaukee on August 3, 1852. Today the score stands, Harvard 24, Yale 23. The advantage ran in cycles, however, for after an even break between 1852 and 1865, Harvard won eight races out of nine rowed between 1866 and 1879. The six races between 1880 and 1885 were evenly divided and then Yale forged to the front, winning sixteen races to Harvard's three between the years 1886-1907. Beginning in 1908, Harvard swung to the front and today has six consecutive victories to her credit, tying the record made by Yale between the years 1900-1905. To Yale also goes the record of the fastest time for the four mile course made by the 1888 crew, which rowed the distance in 20 minutes 10 seconds.

CHILDREN'S DAY PROGRAM.

The Clark's Chapel Sunday school will give a Children's day program next Sunday; also an address by the pastor.

Dr. E. O. Gable Is Having Great Success In Jacksonville

He will be at the Hotel Dunlap on his next visit from 9 a. m. Wednesday, June 24, until 8 p. m. Friday, June 26

Dr. Edwin O. Gable
Neuropathic Specialist.

of perfect circulation with pressure on the nerves and muscles gradually give down and lose power and vigor.

Dr. Gable states that on his last visit here he was much delighted with his success and the reception he has received among the people of Jacksonville. He has been busy each day at the hotel from morning until night, and he is having the greatest success. Many chronic cases that had resisted other doctors and treatments have been given relief. The doctor says he has treated cases of chronic heart trouble and given them almost immediate relief, because when the nerve power is increased around the heart the blood begins to circulate through the organs more normally. This causes the heart muscles to take on renewed life and strength, and you are bound to get relief. He states that he has relieved many cases of chronic kidney trouble where the kidneys were clogged up, where the little tubules would not functionate normally. With this new system of treatment, internally and to the spinal nerves, they get quick relief. In irritation of the bladder, chronic bladder troubles, when poison is removed from the water, and the secretions are thrown off normally, there is immediate relief to the bladder symptoms. Chronic constipation comes from weak muscles and weak nerves of the bowels. His combined treatment to the spine and internally, gives almost immediate relief. This is true with other troubles, dyspepsia, gas and fermentation. As soon as the congestion is relieved nerve power is restored to the stomach, the natural gastric juice is thrown out and does its work without assistance. Where the patient is nervous and high strung, excitable and has insomnia, sick headache, palpitation, and is easily frightened they get almost immediate relief with this new system of treatment. He wants to explain personally these important facts to every person around Jacksonville suffering with chronic disease. He claims that almost all chronic cases are functional troubles that can be relieved unless the tissues are too much destroyed. You will have to come to him for a personal examination. He never accepts cases unless he has seen and examined the patient. He must know the condition of the blood, the heart, nerve power and circulation. He undertakes no cases that he thinks he cannot benefit. He accepts no case by mail. He receives many letters from people wanting him to send them treatment. He will not do so without personal examination. He cannot afford to take a case unless he feels sure of helping it. His reputation and the reputation of the Neuropathic system of treatment are at stake. He wants to call special attention to chronic eye troubles, deafness, catarrh and throat troubles. He has given relief to many cases since he has been coming here. The Neuropathic system of treatment is a treatment above other treatments in these troubles. He will give personal examination and his services FREE on this trip. Please remember the date and send word to your neighbors and friends of this visit. There may be some of them suffering with chronic trouble that is gradually day by day sapping their vitality. They do not know where to go for relief or what to do. Give them a chance and see if this treatment won't help them. Dr. Gable sees each patient himself, and each one is treated with the greatest of confidence. He invites you to call. Chicago office, 6122 Langley Ave., Chicago, Ill.

Keeping Cool

It's not difficult to keep cool if you wear the right kind of clothing

Begin with a suit of light underwear; then comes a negligee shirt, together with a palm beach or mohair suit and finally a straw hat.

No need of a palm leaf fan if you dress this way.

The cost is low and the quality high in all our offerings.

URGES STATE OFFICE BUILDING IN CHICAGO

PROPOSALS PRESENTED TO ILLINOIS LEGISLATORS.

Nearly \$75,000 Is Spent Annually By the State at Present for the Rental in Chicago of Twenty-Seven Office Buildings—Matter a Question of Financial Economy.

Chicago, June 18.—Charles H. Wacker, chairman of the Chicago plan commission, today urged upon the legislators of Illinois a proposal for a state office building in Chicago. Mr. Wacker discussed the proposal from the standpoint of economy, efficiency and progressive government. He spoke also of the civic effect of the construction of such a building, which he said would symbolize for the people of Chicago the power and dignity of the government of their state.

Mr. Wacker's argument was presented at a special meeting of the efficiency and economy committee of the legislature. The committee has had under consideration for some time the matter of having the state's offices in Chicago conducted upon a more systematic and economical plan.

"There are several important elements," said Mr. Wacker, "in the question whether the state of Illinois should undertake the erection and maintenance of a building in Chicago for use of the various departments whose activities are largely exercised in and about this city. The question of financial economy is an important one. At present the state of Illinois has 27 separate offices under rental in Chicago. These are distributed throughout a territory a mile wide and six miles long. They occupy 58,193 square feet of office space at a cost to the tax payers of all Illinois amounting to \$59,336 a year in rentals.

"The incidental cost of maintaining these offices in widely separated localities, such as lighting, janitor service and telephone, increase the present rental expenditures to a total of more than \$72,000 a year. "There can be no question, of course, that this expenditure of nearly \$75,000 annually includes a fair profit to the owners of the buildings wherein the state of Illinois is a tenant. That profit, naturally, would be saved to the state if it was fortunate enough to have its own building. Besides this, quite a number of departments report that their present quarters are not satisfactory.

"The present expense, then, shows that the state of Illinois is paying in rentals an annual sum which approximates \$1,500,000 at 5 per cent. Can it not be easily seen, gentlemen, that for such a sum can be provided a building which will be a credit to this great state and which will better serve its office needs?

"In figuring upon the economical conduct of public affairs, it seems to me eminently proper to consider the affairs of a large private corporation. Such institutions do not confine themselves to past experience. They plan for possible and probable future needs. If private corporations, which face the uncertainties of business success, find it good economy to so plan for the future, it is apparent that a great public corporation, such as the state of Illinois, with its certainty of continued growth, should the more certainly estimate its future requirements and make ample provision for them.

"In considering the future office needs of the state of Illinois, notice should be taken, in my judgment, of the past history of the state. Attention should be directed, also, to the ever increasing trend toward the enlargement of the functions of state government. Every session of the legislature, almost, brings forth new executive departments, requiring additional office space. The public utilities, commission, factory inspection department, board of barber's examiners, industrial board, food commissioner and free employment offices are recent creations indicating the trend of government extension.

"The recent rapid growth of the state has been in the cities. Most of the new departments deal with industrial, commercial and social phases of city life. This being so, no time should be lost in providing dignified and ample headquarters for the present and future needs of the state of Illinois in Chicago.

"Next in importance to economy comes efficiency. Would working all departments in one building lead to confusion or delays? Would it involve any losses in time or waste of labor?

"Bringing all the offices together would result in a distinct saving of time and effort. The various offices have considerable business in common. Their activities are intermingled in many ways. The heads of local departments have frequent occasion for conferences, and these would be made easier by having the offices in close contact.

"Few people appreciate the burden that is now thrown upon the people of Illinois by the disjointed and disconnected office system of state departments in Chicago. The people of Chicago suffer much; those from the interior parts of the state more. The telephone must be used, directories searched, and long journeys must frequently be made before the right state office for the transaction of any public business can be located. This consumes tremendous amounts of the people's time, and is a special vexation to those who come from downstate places to transact business with state offices.

"Centralizing the state offices in one building, therefore, would increase efficiency. To make a service more efficient is equivalent to lowering its cost. A state office building in Chicago appears then as a desirable venture from both

the economy and efficiency viewpoints.

"Not only would greater efficiency and economy result, but such a building would and should be looked upon as a great civic asset. It is the custom—and one which is highly to be commended—for the people of a nation, state or city to strive to express the importance and the spirit of their government through imposing architecture in public buildings.

"A beautiful public building is not only an inspiration to the people in an aesthetic way. It serves to bespeak for them the sentiments of patriotism. Our public buildings symbolize our public spirit and our interest in the affairs of our great state.

"It has frequently been a matter of comment that to many people of Chicago the government of the state of Illinois seems a distant thing, and a thing of small consequence in the lives of the people of this city. Is that condition, after all, so much a matter to be marveled at?

"We have in Chicago about one-third of the population of Illinois. But to those people there is nothing in architecture which stands to remind them of the political importance, the history or the strength of the commonwealth. If it were not for an occasional election, with its attendant excitements, and the biennial gatherings of the legislatures, Chicago would be little reminded of even the existence of the great and fertile state of which it is a part.

"Can it be truly said that this is a matter of mere sentiment? Can anyone say that all the people of the state would not be benefited in material ways if the people of Chicago, and visitors from interior cities, should have their government visualized through the medium of an impressive office building? Would not such a building provide a good investment as a stimulator of patriotism and good citizenship?

"The business of the state of Illinois in Chicago is great. It is growing greater every year. The activities of government are expanding. We are reaching out into new fields for the use of our governmental powers. Every such movement means increased expense to the taxpayers under present haphazard methods, and there is in sight no end to the increasing expense of carrying on the activities of the state in Chicago. Common sense and good judgment call for an end of present methods and the location of the state offices in a permanent home."

Mr. Wacker concluded his remarks with a suggestion that the state office building, when erected, should be upon a conspicuous site and should conform to the plan of Chicago, which is directed to remodeling and developing Chicago in the most orderly and attractive way possible. He suggested that in behalf of the many downstate visitors at department offices in Chicago the new building should be on the West Side near to the leading railway stations.

ROOSEVELT SUFFERING FROM HARDSHIPS OF EXPLORATIONS

Affliction of the Larynx May Prevent Him From Taking Part as an Orator in Fall Political Campaign.

London, June 17.—Colonel Theodore Roosevelt is suffering from an affliction of the larynx as a direct result of the hardships he endured in his recent Brazilian trip which will effectively prevent him from taking part as an orator in the political campaign in the United States this fall and compel him to exercise the greatest care for some months to come.

"This is my answer to those who wanted me to go into a campaign," said Colonel Roosevelt today in describing the condition of his throat. "If anyone expected me to do so I cannot now."

The announcement of the ex-president's disability was made after he had paid a visit to Sir St. Clair Thomson, professor of laryngology and physician in King's College Hospital. The exertion of addressing the Royal Geographical society last night, brought about a culmination of the weakness which Colonel Roosevelt's friends observed on his arrival in London. It was on account of throat trouble that he insisted on speaking in a small hall.

Colonel Roosevelt's voice gave him much trouble during the lecture which was apparent to all in the theatre.

Dr. Thompson after a thorough examination pronounced the verdict that Colonel Roosevelt must not attempt to speak in the open air or indulge in extended speech making under any circumstances for several months. He said that the condition was the result of Colonel Roosevelt's last hard campaign as primary cause and that the Brazilian fever, from which the colonel had suffered affected his throat, settling, as was generally the case in such ailments, on the patient's weakest spot.

The former president, whose voice was somewhat husky today, accepted the situation cheerfully. He announced that he would obey the doctor's orders.

The colonel may however, make an occasional speech to small gatherings during the season.

NOTICE TO CONTRACTORS

Bids will be received by the commissioners of road district No. 3, Morgan county, Illinois, for the construction of a reinforced concrete culvert, said culvert to be located within three-fourths of a mile of the village of Concord, at the Farmers' and Merchants bank at the hour of two p. m. of June 30, A. D., 1914, at which time and place bids will be publicly opened and announced. The commissioners reserve the right to reject any or all bids. Plans and specifications may be seen at the office of the county superintendent of highways in the city hall building, Jacksonville, Illinois.

All bids must be accompanied by a certified check in the sum of ten (10) per cent of the amount of the total bid.

COACH W. T. HARMON GOES TO CHAMPAIGN

Will Take Summer Course in School for Athletic Coaches.

Coach W. T. Harmon of Illinois college expects to go to Champaign Saturday to attend the school for athletic coaches at the University of Illinois. Illinois field will be the "laboratory" for the athletic students, for the courses are to be of a practical nature, starting June 22, and terminating August 14. This kind of a school is something entirely new, but coaches over the state have taken a great interest in it and its results will be watched with interest. Among the staff of instructors will be the following: George A. Huff, baseball; Harry L. Gill, track and field athletics; Ralph R. Jones, basketball; Robert C. Zupke, football. Reviews of the successes of athletic teams they have coached furnishes an entertaining contribution to athletic history.

HAD NARROW ESCAPE

Yesterday morning Clarence Hersherberger of Beardstown came up from St. Louis on a Harley-Davidson motorcycle and as he was passing down north Main street he was on the street railroad track when a wet track made the wheels skid and landed him under a transfer wagon. Fortunately the horses didn't act badly and he escaped with no injury to himself and not a great deal to his machine though he had to take the train for home.

Rev. O. H. Myers of Chandlerville was in the city yesterday on his way home from the sessions of the district Epworth League at Carrollton.

The Sunkist Orange With the Different Flavor

Ask for "Sunkist Valencias"

The Valencia Sunkist is the California Summer Orange—a sweet, juicy, luscious fruit, ripened on the tree.

Easy to peel, and practically seedless.

Some are dark in exterior appearance, some lighter in color. But all are a deep red inside and sparkling with healthful juice.

Oranges are picked in California every day in the year, and the Late Valencia is one of the very finest ever grown.

Glove-picked, tissue-wrapped, shipped right from the tree—you get it fresh with the real tree-ripened flavor.

Don't buy merely "oranges." Buy the

Reo Motor Car Company

LANSING, MICH., June 9th, 1914

J. W. SKINNER, Reo Sales Agent,
Jacksonville, Ill.

DEAR SIR:

After consulting with many REO dealers, we wish to announce that our policy is to let well enough alone. There will be no change in the REO model, or the REO price this season.

In the past five years, during which our engineers have confined themselves to this model, the car has been brought to perfection. We have made changes as needed. Again and again important improvements have been added in mid-season.

Some of the Reasons Are These

No changes can be made in the way of improvements now. We reduced the price last year by \$220. In this way we anticipated all the economies of larger sale and output.

The demand for REO the Fifth—which continues to break all records—shows that buyers are satisfied. In this car today they are getting the best value that will ever be offered we think. We are not going to stand still. We shall keep on, as always, bettering this car as fast as we find a way.

We want you to join with us in keeping up the present enthusiasm for REO the Fifth. Tell every prospect that the car won't be changed. It is as good as we can make it.

Perhaps our rivals will offer some changes as usual. They may in this way try to stir up new interest. But they cannot offer more real value than we do. They can make no changes which will make their cars more formidable competitors. Reo the Fifth will hold the same advantage as it has today—the same appeal as a super-car. And every month's production which goes out to users places us in stronger position.

We shall continue our advertising in full force during the summer and fall. A little later we will announce a larger production—three new factory buildings. These we figure, will add forty per cent to our output. In an advertising way we shall stand right with you in keeping cars moving at the present rate against any competition, new model or old.

Base all your plans on these facts. Keep pushing the same as ever. Let it be known that this model is standard. That it represents, both in body and chassis, the best that we know about car building. And the price is the lowest that ever was offered on a car built like this.

Let buyers know that we are giving them our best in this car. That we haven't in mind anything newer or better or lower in price. WE ARE, AS WE ADVERTISE, BUILDING A CAR TO KEEP. Let men know that we shall not discredit it by any new announcement.

Very sincerely yours,

REO MOTOR CAR COMPANY

R. C. RENSCHAW, Sales Manager.

WORLD'S LATEST FINANCIAL AND MARKET NEWS

MARKED SCARCITY OF OFFERINGS RESULTS IN RAISING ALL BIDS

Repurchases by Traders Who Sold Earlier in the Week Bring Firmer Tone

LONDON MARKET IN CHEERFUL MOOD

NEW YORK, June 18.—A better showing was made by the stock market today. Not only was the decline of the previous two days checked but the list moved most of the time, yet while the advance was general there were only a few instances in which it exceeded fractions. The firm tone was due in a measure to repurchases by traders who sold during the earlier days of the week. There was a marked scarcity of offerings which resulted in the raising of bids all around. London was in a cheerful mood and American stocks were higher. These advances led to a corresponding movement in the international stocks here.

Importance was attached to a further break in foreign exchange rates as a bullish factor. It was felt that the movement pointed to curtailment of the extraordinary flow of gold out of the country. Notwithstanding the break, \$2,550,000 more gold was engaged for export today.

Time loans were easier owing to the division of foreign money as a result of the sale of finance bills. Crop news was of the same favorable character as during recent weeks.

Reductions in steel and copper prices were reported in some instances but the stocks in these groups were as firm as the remainder of the list.

New York Stock List—Last Sale.

HUGE SALES FOR EXPORT GIVES WHEAT AN UPWARD SWING

Absence of Pressure from Hedging Against Purchase of New Crop Is Noticeable

CHEAPER OFFERS FROM ARGENTINE WEAKEN CORN

CHICAGO, June 18.—Huge sales for export gave the wheat market today an upward swing. Closing prices, although easy, were a sixteenth to 1/8c net higher. Corn finished 1/4c off to 3/8c above last night and oats with a gain of 1/4c to 1/2c.

The outcome in provisions was a rise of a shade to 2 1/2c.

There was a decided absence of pressure from hedging against the purchase of new crop wheat. Illinois and Nebraska farmers in particular were reported as not inclined to make contracts at present prices and as holding back until threshing time at least, on account of current bids not averaging within 11c to 12c off.

Bullish estimates were circulated to show that in several important states the demand for wheat to feed might easily become as important as for the purpose of sales to Europe.

Cheaper offers from Argentine weakened corn. Besides the domestic crop was generally reported as giving evidence of good progress.

The bulls however, were making capital of a marked deficiency of moisture since March 1st, throughout a large part of the belt.

Oats were hoisted by news of adverse field conditions said to exist chiefly over Indiana and Illinois.

Higher prices for hogs put some strength into provisions. It was declared also that cash demand had noticeably improved.

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich. — "I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong." — Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work. In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.

Greatest of All Human Blessings

The most wonderful thing in the world is love expressed in the helpless infant. And among those aids and comforts for expectant mothers is the well known "Mother's Friend." This is an external application to enable the abdominal muscles to become more pliant, to expand naturally without undue pain from the strain upon cords and ligaments. In almost every settled community are women who have enjoyed the blessing of this famous remedial and helpful embrocation. Their daughters have grown up to learn of its splendid assistance. Applied as directed upon those muscles involved it soothes the fine network of nerves with which all the muscles are supplied. Thus a great share of the pains so much dreaded may be avoided and the period of expectancy passed through in ease and comfort. Anything that adds so much comfort must be counted as a blessing indeed. In a little book sent by mail much useful information is given to inexperienced mothers. It tells how to use "Mother's Friend" and how to avoid caking breasts. It has been prepared in our laboratory for over four years and is known favorably to most druggists everywhere. Get a bottle to-day and write for book to Bradfield Regulator Co., 509 Lamar Bldg., Atlanta, Ga. Be sure to ask for and see that you get "Mother's Friend." Do not accept a substitute. What is said herein of "Mother's Friend" is but a repetition of the thoughts expressed by thousands of happy mothers who have successfully used this splendid external application.

REPUBLIC MILEAGE PLAIN AND STAGGARD TREAD TIRES

Yes—They cost more than others. But—They are worth every cent. Because—They will give you greater mileage dollar for dollar than any tire you can buy.

A Specialized Tire for Small Cars. The greatest long distance light car tire ever put on the market. They're decidedly reasonable in cost, too.

Illinois Tire and Vulcanizing Co. 223 North Sandy Illinois Phone 1104

STARTS SANITARY SURVEY OF SUMMERING PLACES

State Board of Health Will Make Summer Resorts Safer—Picnic Grounds to Be Covered.

Springfield, June 19.—There is an abundance of evidence on file in many health offices throughout the country substantiating the charge that summer resorts are common sources of typhoid fever infections. For instance, last year following a two month vacation period, the Chicago health authorities after careful investigation of every case of typhoid fever reported in that city, found that 40 per cent of the summer typhoid fever cases were extra-urban infections, the evidence in many cases pointing clearly to summering places as sources of the trouble. Many other cities voiced similar charges.

It stands to reason that places without practically any sanitary supervision are bound to be sources of danger to those who assemble there, even for a brief time. Polluted water supplies, uninspected milk and food supplies, antiquated and neglected toilet facilities, improper methods of garbage disposal and, as often is the case, discharging of sewage into the source of water supply, the grosser evils which in whole or in part may be found to prevail at any summer resort.

These are conditions which call for immediate correction! The hundreds of thousands of visitors at Illinois resorts yearly must be safeguarded.

The Illinois state board of health, with the approval of Governor Dunne, proposes to see that they are corrected and for that purpose inspectors have already begun a sanitary survey of the resorts in this state. Adjoining states have previously done a little in this line.

Reasonable time is, of course, to be given public resort owners to make the corrections ordered. On failure to comply with the orders issued, within the allowed time, steps will be taken to enforce them and the facts of the offending resort's sanitary status then will be given to the public.

It is expected that the work of inspection will be completed in July. A reinspection in August is contemplated.

So far as possible, large public picnic groves will be included in this sanitary survey.

COMMENCEMENT AT HARVARD.

Cambridge, Mass., June 18.—Harvard university, the oldest of all educational institutions in America, closed its 278th year today with the annual graduation exercises. The graduating class was one of the largest in the history of the institution and included among its members representatives of every state in the union and of a number of foreign countries.

At 10 o'clock this morning the president and fellows, faculties and other officers of the university met in the historic yard to march in procession to Sanders theatre, where the graduating exercises were held. As in former years, the procession and the exercises of the day were in charge of the class that is celebrating the 25th anniversary of its graduation this year, the class of 1889 having the honor.

The program in Sanders theatre began with the assembling of the distinguished company, with the president seated in his chair. Then came the learned addresses. The Latin oration was delivered by W. M. Washburn of New York, and the English parts by W. O. Fenn of Cambridge, R. P. Goldman of Cincinnati, A. P. McMahon of Portland, Me., and P. B. Potter of Long Branch, N. J. Following these exercises the ordinary honorary degrees were given out by resident Lowell.

READY FOR BOAT RACE.

New London, Conn., June 18.—Once more has the little city of New London donned holiday attire for the annual Yale-Harvard boat races on the Thames. In nearly all the streets the colors of the two universities are displayed conspicuously. Every train today brought its quota of enthusiasts and it is believed the influx of visitors tomorrow morning will establish a new high record.

The opening event of the day's program will be the race of the varsity fours. After the four finish the freshman eight oared race will be rowed in the late afternoon. The prevailing opinion among unbiased critics today is that Yale's varsity eight is the strongest he has had in some years and is on even terms with the veteran Harvard aggregation. There is also every indication that the two freshmen eights also are evenly balanced and that their race, given in fair water conditions, should produce a new record for the course, in competition.

FOR REFORM OF JUDICIAL SYSTEM.

Savannah, Ga., June 18.—Plans of a new and better judicial system in Georgia and for more satisfactory and speedier procedure in the courts, are to be exhaustively discussed by leading members of the bench and bar who assembled at Tybee Island today for the annual meeting of the Georgia Bar association. For more than a year a committee of the association has been at work on plans for the revision of the judicial system and its report is awaited with much interest. The report will be the principal subject of discussion at the bar meeting, the sessions of which will continue until Saturday.

ADDRESS BY PERUVIAN MINISTER.

Oxford, Ohio, June 18.—Members of the senior classes of Miami university received their degrees at the 75th annual commencement today. The diplomas were presented by President Raymond M. Hughes. The address to the graduates was delivered by Frederico Alfonso Pezet, the Peruvian minister to the United States.

CONTRADICTIONS CONTINUE

Officers of the Empress and Collier Stordstad Continue Their Contradictions.

Quebec, June 17.—Officers on the bridge of the Empress of Ireland, sunk in the St. Lawrence river May 29 by the collier Stordstad, failed to see the colored running lights or hear the whistled signals of the collier, even when she was 60 feet away, according to testimony today before the Dominion commission investigating the collision which cost a thousand lives.

The officers of the Empress contradicted those of the Stordstad in regard to the speed of each of the ships. The first officer of the Stordstad, Alfred Tuftenes, swore that the Empress was making at least ten miles an hour when the Stordstad hit her, while his vessel had a headway of only one mile an hour. Captain Anderson of the Stordstad said the fact that the color nose penetrated the hull of the Empress but 12 feet proved that the Stordstad was not speeding.

Edward Jones and John Murphy, first officer and quartermaster respectively of the Empress, corroborated the story told by Captain Ken-

dall to the effect that the Empress was at a standstill when the collier ran into her. Butler Aspinall acting for the Canadian Pacific railway, owners of the Empress, drew an opinion from Tuftenes that, according to a diagram he had drawn of the respective positions of the ships when they saw each other he thought the Empress, collision, otherwise she would have cleared the Stordstad. Mr. Aspinall tried to prove by this that the liner as standing still at the time of the collision, otherwise she could have passed across the Stordstad's bows, but the witness clung to his contention that the Empress was moving.

AUTOMOBILE NOTES.

Mrs. Kumble of Alexander was a shopper yesterday coming in her Ford car.

William Frost of the vicinity of Lynnville made a trip to the city yesterday in his Oakland car.

Lee Skiles of Virginia came over to the city yesterday in a Norwalk car made in Martinsburg, West Virginia. It is a handsome affair and has a number of points about it, one being the electrical device by which the gear is changed. It was observed by a good many persons.

Guy Wilday with a number of friends drove up to the city yesterday in his International car, from Meredosia.

Elmer Coultas and family were visitors in the city yesterday from Riggton, coming in their Ford car.

Luther Hornbeck and family were city visitors yesterday from Winchester, coming in their Ford car.

James Chance of Bluffs made a trip to the city yesterday in his Ford car, bringing Mrs. Sarah Carver, Mrs. Royal Oakes, Mrs. Jane Woodson and Mrs. Cassell.

John Basicks and David Hexter of Ashland were in the city yesterday and announced their intention to proceed to Chicago. They were riding in a Fiat car made in Italy expressly for America. The young gentlemen said it was the most expensive car made, costing eight thousand dollars. They ride rapidly and say the car is very substantial and swift.

Messrs. Strawn and Spink made a trip to Meredosia yesterday in their new Mitchell car, taking along Deem Rapp and Fletcher Hopper for a day's outing.

Mr. and Mrs. Thomas Montgomery and son Harold of Hersman and Misses Fannie Hulet and Irene Scott have returned from a trip to Springfield in Mr. Montgomery's Buick car.

SOLD SPIRES PROPERTY.
At a recent sale of the W. T. Spires property in Franklin, the highest bidder was M. B. Keplinger. The property brought \$1,200.

ADAM E. STEVENSON LEAVES ESTATE OF \$100,000.

Will is Admitted to Probate Before Judge Rahn in the McLean County Court.

The will of the late Adam E. Stevenson was admitted to probate before Judge Rahn, in the McLean county court Wednesday afternoon. Judge Rahn presided in the absence of Judge Hall. Mr. Stevenson left an estate amounting to \$100,000, half being real estate and the other half in personal.

The terms of the will are as follows: to a son, Lewis G. Stevenson is given the store room in the Stevenson block at 208 East Front street, also one third of the stock owned by the deceased in the McLean County Coal company and sixteen shares of the stock owned by him in the Peoples bank. To a daughter Julia S. Hardin is given the store room at 212 East Front street, also sixteen shares of stock in the Peoples bank and one-third of the stock in the McLean Coal company.

To a daughter Letitia Stevenson is given the home place at 901 North McLean street with its entire contents, also eighteen shares of stock in the Peoples bank and the remaining third of the stock in the McLean County Coal company.

To the two daughters he gives in equal parts the farm consisting of fifty acres in Downs township.

To his son Lewis G. Stevenson and to his daughter Julia S. Hardin he gives in equal part the store room located at 210 East Front street.

To the three children in equal shares he gives his interest in the Illinois Zinc and Lead company and the life insurance after the debts are paid.

Lewis G. Stevenson and Rev. Martin D. Hardin are named as executors.

The will was drawn January 14, 1914 and was witnessed by L. M. Graham and Clyde E. Shope.

Special meeting of Harmony Lodge No. 3, A. F. & A. M. Friday evening at 6.30 for work.

A. C. Metcalf, W. M. John R. Phillips, Sec.

LITTLE INDIAN.

Mrs. P. Smith and Arthur were Virginia callers Monday.

The station will be re-established at Little Indian June 25.

Wheat cutting has begun in our midst.

Harry Stevenson entertained Wilbur Hauck of Jacksonville and Mr. Sneed of Nashville, Ill. Sunday.

Mrs. Benj. Kress of Hamilton, Montana spent Thursday with Mrs. Harry Stevenson.

Frank Smith of Kansas City, Mo. spent Monday in our midst. He used to live where A. J. Gilpin now resides. He took dinner with Chas. Stevenson.

The Sunday school at Zion is giving an ice cream social Saturday night, June 20. Every one most cordially invited.

Mrs. Mollie Stevenson spent Tuesday in Jacksonville.

Clyde James was a Virginia caller Tuesday.

You'll find that straw hat to please you at Garland & Co.

THE FOURTH OF JULY CELEBRATION

Arrangements Progressing in a Satisfactory Manner.

The Fourth of July celebration committee met again last night with the Nichols park board and reports were heard from all interested. A fine list of attractions has been prepared and there is every reason to expect a superb time on the national holiday. Games of various kinds, day and night fireworks, a band concert and all else that goes to make up a first class program will be enjoyed.

"Plymouth" binder twine—the better kind, at Hall Bros.

THE SWIMMING POOL.

The Young Men's Booster club has decided definitely to go ahead and prepare for swimming in the lake at Nichols park, as already outlined in the Journal. Work will be begun as soon as matters are arranged in a proper manner with the park board and it is hoped by the Fourth people may enjoy a plunge in the waters of the lake.

REPORT OF CROP CONDITIONS MADE IN SEVERAL COUNTIES

Members of District Five of Grain Dealers Association of State Hold Session—Wheat Will Average 25 Bushels—Corn Looks Good.

A meeting was held in Springfield recently of the Grain Dealers Association of District Five of Illinois. This district includes Jacksonville and a number from this city was in attendance. There are seven districts in the state and this territory goes west to the Mississippi, east to Illinois, north to Delevan and south to Edenburg.

Besides the counties represented in this district Macoupin and Montgomery counties were represented. An estimate was made of the yield of wheat in district five and it was thought that it would go better than 25 bushels to the acre. Including the counties of Macoupin and Montgomery the yield was estimated at 22 1/2 bushels.

Reports showed that in Scott, Jersey, Greene, Macoupin and Montgomery counties great damage had been done by the chinch bugs while the counties to the north did not suffer so seriously.

The oat crop appears to be light except in the neighborhoods of Philadelphia and Allen. The report on corn is good and the fields appear to be clean, although it is early to estimate the yield.

IMPORTANT LAND SALE.
Don't fail to attend the Herman Freitag land sale Saturday, June 20, 2 p. m., at the court house. For any information desired call William Batz, executor.

ELK BOUGHT FOR NICHOLS PARK.

The members of the Nichols park board who went over to Rushville to look over the establishment of W. R. Leach, breeder of wild animals for parks, came back well pleased with their trip. They found the gentleman at home and ready to do business and proceeded at once to the animal enclosure, which is surrounded by a fence not as high as that around the deer enclosure at Nichols park.

There is a tract of a number of acres and a part of it is thickly wooded and no animals were in sight. and at first the visitors thought they had gone on a useless errand, but Mr. Leach told them to come into the woods and be quiet a few minutes, which they did, and Mr. Leach, taking an ax, began to hack at a small sapling, and in a moment over twenty deer and elk were on hand, ready to make an attack on the tender boughs as soon as the tree fell.

One doe had a fawn which she took and hid in the brush and then returned to get her share of the provender. The animals are all fine and beautiful and the visitors were much pleased with them. As Mr. Leach had no does to spare, no deer were bought of him, but the visitors selected a splendid pair of elk, which are expected here in a few days. Deer will be procured as soon as practicable and all who are willing to assist in buying these animals will confer a favor by notifying any member of the park board.

The elk are not very wild and before they left Mr. Anderson had them eating out of his hand. Much pleasure is anticipated from the presence of these animals and it is hoped all will go well this time. A guard is being placed on top of the fence so nothing can get in from the outside and every effort will be made to have a superior attraction in this line.

Garland & Co. for the largest line of bags, suitcases and trunks in the city.

GOES TO SEMI-CENTENNIAL OF GALLAUDET COLLEGE

W. I. Tilton leaves Friday night for Washington, D. C., where he will attend the semi-centennial of the founding of Gallaudet college, from which he graduated in 1893. The exercises will be of interest to Illinois people, inasmuch as the president emeritus, Dr. E. M. Gallaudet, is well known here, where he has visited many times. He is well along towards eighty now and has been retired for some years. Among those who will receive degrees are Revs. J. H. Cloud and P. J. Hasenstab, formerly residents of this city, and Miss Laura Sheridan, a teacher in the I. S. D. The two gentlemen will be made doctors of divinity and Miss Sheridan an M. A. The reunion will last four days and already over 200 have announced their intention of being present. Following the reunion, Mr. Tilton goes to Staunton, Va., for the teachers' convention.

WARNING.

The premature celebrating of July 4th by discharging revolvers, firecrackers, placing dynamite caps on street railway tracks, etc. are positively prohibited.

Persons violating this will be arrested and fined.

Geo. P. Davis, Chief Police.

DRIVE HOME FROM CHICAGO.

John G. Reynolds and son Lloyd have returned from Chicago, making the trip home in Lloyd's new Stutz demonstrating car. They drove from Chicago to Bloomington and then to Decatur where they spent the day Wednesday and returned to the city Wednesday evening. The new car has a fifty horse-power motor and is equipped with the Remy electric starting and lighting device. Lloyd Reynolds is the local agent for the Stutz.

IN INTEREST OF HIGHWAY.

John Felmley, C. H. Simmons, Gerald Gould and A. J. Pratt of Griggsville are making a trip from Griggsville to Springfield in an Overland automobile in the interest of the Ocean to Ocean highway meeting to be held in Griggsville June 24. They visited Jacksonville yesterday, leaving some reading matter on the subject.

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich. — "I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong." —Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work.

In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.

Greatest of All Human Blessings

"The most wonderful thing in the world is love expressed in the helpless infant. And among those who are the well known 'Mother's Friend'."

This is an external application to enable the abdominal muscles to become more pliant, to expand naturally without undue pain from the strain upon cords and ligaments.

In almost every settled community are women who have enjoyed the blessing of this famous remedial and helpful embrocation. Their daughters have grown up to learn of its splendid assistance.

Applied as directed upon those muscles involved in soothing the fine network of nerves with which all the muscles are supplied. Thus a great share of the pains so much dreaded may be avoided and the period of expectancy passed through in ease and comfort.

Anything that adds so much comfort must be counted as a blessing indeed.

In a little book sent by mail much useful information is given to inexperienced mothers. It tells how to use "Mother's Friend" and how to avoid caking breasts. It has been prepared in our laboratory for over four years and is known favorably to most druggists everywhere. Get a bottle to-day and write for book to Bradford Regulator Co., 569 Lamar Bldg., Atlanta, Ga. Be sure to ask for and see that you get "Mother's Friend."

Do not accept a substitute.

What is said herein of "Mother's Friend" is but a repetition of the thoughts expressed by thousands of happy mothers who have successfully used this splendid external application.

REPUBLIC MILEAGE TIRES

PLAIN AND S-A-G-A-R-D TREAD

Yes—They cost more than others.

But—They are worth every cent.

Because—They will give you greater mileage dollar for dollar than any tire you can buy.

A Specialized Tire for Small Cars

The greatest long distance light car tire ever put on the market.

They're decidedly reasonable in cost, too.

STARTS SANITARY SURVEY OF SUMMERING PLACES

State Board of Health Will Make Summer Resorts Safer—Picnic Grounds to Be Covered.

Springfield, June 19.—There is an abundance of evidence on file in many health offices throughout the country substantiating the charge that summer resorts are common sources of typhoid fever infections. For instance, last year following a two month vacation period, the Chicago health authorities after careful investigation of every case of typhoid fever reported in that city, found that 40 per cent of the September typhoid fever cases were extra-urban infections, the evidence in many cases pointing clearly to summering places as sources of the trouble. Many other cities voiced similar charges.

It stands to reason that places without practically any sanitary supervision are bound to be sources of danger to those who assemble there, even for a brief time. Polluted water supplies, uninspected milk and food supplies, antiquated and neglected toilet facilities, improper methods of garbage disposal and, as often is the case, discharging of sewage into the source of water supply, the grosser evils which in whole or in part may be found to prevail at most any summer resort.

These are conditions which call for immediate correction; the hundreds of thousands of visitors at Illinois resorts yearly must be safeguarded.

The Illinois state board of health, with the approval of Governor Dunne, proposes to see that they are corrected and for that purpose inspectors have already begun a sanitary survey of the resorts in this state. Adjoining states have previously done a little in this line. Reasonable time is, of course, to be given public resort owners to make the corrections ordered. On failure to comply with the orders issued, within the allowed time, steps will be taken to enforce them and the facts of the offending resort's sanitary status then will be given to the public.

It is expected that the work of inspection will be completed in July. A reinspection in August is contemplated.

So far as possible, large public picnic groves will be included in this sanitary survey.

COMMENCEMENT AT HARVARD.

Cambridge, Mass., June 18.—Harvard university, the oldest of all educational institutions in America, closed its 278th year today with the annual graduation exercises. The graduating class was one of the largest in the history of the institution and included among its members, representatives of every state in the union and of a number of foreign countries.

At 10 o'clock this morning the president and fellows, faculties and other officers of the university met in the historic yard to march in procession to Sanders theatre, where the graduating exercises were held. As in former years, the procession and the exercises of the day were in charge of the class that is celebrating the 25th anniversary of its graduation this year, the class of 1889 having the honor.

The program in Sanders theatre began with the assembling of the distinguished company, with the president seated in his chair. Then came the learned addresses. The Latin oration was delivered by W. M. Washburn of New York, and the English parts by W. O. Fenn of Cambridge, R. P. Goldman of Cincinnati, A. P. McMahon of Portland, Me., and P. B. Potter of Long Branch, N. J. Following these exercises the ordinary honorary degrees were given out by resident Lowell.

READY FOR BIG BOAT RACE.

New London, Conn., June 18.—Once more has the little city of New London donned holiday attire for the annual Yale-Harvard boat races on the Thames. In nearly all the streets the colors of the two universities are displayed conspicuously. Every train today brought its quota of enthusiasts and it is believed the influx of visitors tomorrow morning will establish a new high record.

The opening event of the day's program will be the race of the varsity fours. After the fours finish the freshman eight oared race will be rowed in the late afternoon. The prevailing opinion among unbiased critics today is that Yale's varsity eight is the strongest he has had in some years and is on even terms with the veteran Harvard aggregation. There is also every indication that the two freshmen eights also are evenly balanced and that their race, given fast water conditions, should produce a new record for the course, in competition.

FOR REFORM OF JUDICIAL SYSTEM.

Savannah, Ga., June 18.—Plans of a new and better judicial system in Georgia and for more satisfactory and speedier procedure in the courts are to be exhaustively discussed by leading members of the bench and bar who assembled at Tybee Island today for the annual meeting of the Georgia Bar association. For more than a year a committee of the association has been at work on plans for the revision of the judicial system and its report is awaited with much interest. The report will be the principal subject of discussion at the bar meeting, the sessions of which will continue until Saturday.

ADDRESS BY PERUVIAN MINISTER.

Oxford, Ohio, June 18.—Members of the senior classes of Miami university received their degrees at the 75th annual commencement today. The diplomas were presented by President Raymond M. Hughes. The address to the graduates was delivered by Frederico Alfonso Pezet, the Peruvian minister to the United States.

CONTRADICTIONS CONTINUE

Officers of the Empress and Collier Stordstad Continue Their Contradictions.

Quebec, June 17.—Officers on the bridge of the Empress of Ireland, sunk by the collier Stordstad, failed to see the colored running lights or hear the whistled signals of the collier, even when she was 60 feet away, according to testimony today before the Dominion commission investigating the collision which cost a thousand lives.

The officers of the Empress contradicted those of the Stordstad in regard to the speed of each of the ships. The first officer of the Stordstad, Alfred Tuftenes, swore that the Empress was making at least ten miles an hour when the Stordstad hit her, while his vessel had a headway of only one mile an hour. Captain Anderson of the Stordstad said the fact that the color nose penetrated the hull of the Empress but 12 feet proved that the Stordstad was not speeding.

Edward Jones and John Murphy, first officer and quartermaster respectively of the Empress, corroborated the story told by Captain Ken-

dall to the effect that the Empress was at a standstill when the collier ran into her.

Butler Aspinall acting for the Canadian Pacific railway, owners of the Empress, drew an opinion from Tuftenes that, according to a diagram he had drawn of the respective positions of the ships when they saw each other he thought the Empress, collision, otherwise she would have cleared the Stordstad. Mr. Aspinall tried to prove by this that the liner as standing still at the time of the collision, otherwise she could have passed across the Stordstad's bows, but the witness clung to his contention that the Empress was moving.

THE ILLINOIS STOCK EXCHANGE

13 West Side Square, Jacksonville, Ill.

The Ayers Safe Deposit Vault

A Safe Deposit Box is not a luxury, but a necessity to the owner of stocks, bonds, deeds, mortgages, insurance policies and other valuable papers.

Anxiety about jewelry and silveware not in use is dispelled when they are in a Safe Deposit Vault.

It may be of interest to know that in the construction of the vault there are more than 380,000 pounds of steel and the door itself weighs 14 tons.

To rent a Safe Deposit Box in this vault costs less than one cent a day.

Private rooms for the examination of papers are provided for the convenience of patrons.

ADAM E. STEVENSON LEAVES ESTATE OF \$100,000.

Will is Admitted to Probate Before Judge Rahn in the McLean County Court.

The will of the late Adam E. Stevenson was admitted to probate before Judge Rahn, in the McLean county court Wednesday afternoon. Judge Rahn presided in the absence of Judge Hall. Mr. Stevenson left an estate amounting to \$100,000, half being real estate and the other half in personal.

The terms of the will are as follows: to a son, Lewis G. Stevenson is given the store room in the Stevenson block at 208 East Front street, also one third of the stock owned by the deceased in the McLean County Coal company and sixteen shares of the stock owned by him in the Peoples bank. To a daughter, Julia S. Hardin is given the store room at 212 East Front street, also sixteen shares of stock in the Peoples bank and one-third of the stock in the McLean Coal company.

To a daughter, Letitia Stevenson is given the home place at 901 North McLean street with its entire contents, also sixteen shares of stock in the Peoples bank and the remaining third of the stock in the McLean County Coal company.

To the two daughters he gives in equal parts the farm consisting of fifty acres in Downs township.

To his son, Lewis G. Stevenson and to his daughter, Julia S. Hardin he gives in equal parts the store room located at 210 East Front street.

To the three children in equal shares he gives his interest in the Illinois Zinc and Lead company and the life insurance after the debts are paid.

Lewis G. Stevenson and Rev. Martin D. Hardin are named as executors.

The will was drawn January 14, 1914 and was witnessed by L. M. Graham and Clyde E. Shope.

Special meeting of Harmony Lodge No. 3, A. F. & A. M. Friday evening at 6:30 for work.

A. C. Metcalf, W. M. John R. Phillips, Sec.

LITTLE INDIAN.

Mrs. P. Smith and Arthur were Virginia callers Monday.

The station will be re-established at Little Indian June 25.

Wheat cutting has begun in our midst.

Harry Stevenson entertained Wilbur Hauck of Jacksonville and Mr. Sneed of Nashville, Ill. Sunday.

Mrs. Benj. Kress of Hamilton, Montana spent Thursday with Mrs. Harry Stevenson.

Frank Smith of Kansas City, Mo. spent Monday in our midst. He used to live where A. J. Gilpin now resides. He took dinner with Chas. Stevenson.

The Sunday school at Zion is giving an ice cream social Saturday night, June 20. Every one most cordially invited.

Mrs. Mollie Stevenson spent Tuesday in Jacksonville.

Clyde James was a Virginia caller Tuesday.

You'll find that straw hat to please you at Garland & Co.

THE FOURTH OF JULY CELEBRATION

Arrangements Progressing in a Satisfactory Manner.

The Fourth of July celebration committee met again last night with the Nichols park board and reports were heard from all interested. A fine list of attractions has been prepared and there is every reason to expect a superb time on the national holiday. Games of various kinds, day and night fireworks, a band concert and all else that goes to make up a first class program will be enjoyed.

"Plymouth" binder twine—the better kind, at Hall Bros.

THE SWIMMING POOL.

The Young Men's Booster club has decided definitely to go ahead and prepare for swimming in the lake at Nichols park, as already outlined in the Journal. Work will be begun as soon as matters are arranged in a proper manner with the park board and it is hoped by the Fourth people may enjoy a plunge in the waters of the lake.

REPORT OF CROP CONDITIONS MADE IN SEVERAL COUNTIES

Members of District Five of Grain Dealers Association of State Hold Session—Wheat Will Average 25 Bushels—Corn Looks Good.

A meeting was held in Springfield recently of the Grain Dealers Association of District Five of Illinois. This district includes Jacksonville and a number from this city was in attendance. There are seven districts in the state and this territory goes west to the Mississippi, east to Illinois, north to Delevan and south to Edenburg.

Besides the counties represented in this district Macoupin and Montgomery counties were represented. An estimate was made of the yield of wheat in district five and it was thought that it would go better than 25 bushels to the acre. Including the counties of Macoupin and Montgomery the yield was estimated at 22 1-2 bushels.

Reports showed that in Scott, Jersey, Greene, Macoupin and Montgomery counties great damage had been done by the chinch bugs while the counties to the north did not suffer so seriously.

The oat crop appears to be light except in the neighborhoods of Philadelphia and Allen. The report on corn is good and the fields appear to be clean, although it is early to estimate the yield.

IMPORTANT LAND SALE. Don't fail to attend the Herman Freitag land sale Saturday, June 20, 2 p. m., at the court house. For any information desired call William Batz, executor.

ELK BOUGHT FOR NICHOLS PARK.

The members of the Nichols park board who went over to Rushville to look over the establishment of W. R. Leach, breeder of wild animals for parks, came back well pleased with their trip. They found the gentleman at home and ready to do business and proceeded at once to the animal inclosure, which is surrounded by a fence not as high as that around the deer enclosure at Nichols park.

There is a tract of a number of acres and a part of it is thickly wooded and no animals were in sight, and at first the visitors thought they had gone on a useless errand, but Mr. Leach told them to come into the woods and he quite a few minutes which they did, and Mr. Leach, taking an ax, began to hack at a small sapling, and in a moment over twenty deer and elk were on hand, ready to make an attack on the tender boughs as soon as the tree fell.

One doe had a fawn which she took and hid in the brush and then returned to get her share of the provender. The animals are all fine and beautiful and the visitors were much pleased with them. As Mr. Leach had no does to spare, no deer were bought of him, but the visitors selected a splendid pair of elk, which are expected here in a few days. Deer will be procured as soon as practicable and all who are willing to assist in buying these animals will confer a favor by notifying any member of the park board.

The elk are not very wild and before they left Mr. Anderson had them eating out of his hand. Much pleasure is anticipated from the presence of these animals and it is hoped all will go well this time. A guard is being placed on top of the fence so nothing can get in from the outside and every effort will be made to have a superior attraction in this line.

Garland & Co. for the largest line of bags, suitcases and trunks in the city.

GOES TO SEMI-CENTENNIAL OF GALLAUDET COLLEGE

W. I. Tilton leaves Friday night for Washington, D. C., where he will attend the semi-centennial of the founding of Galludet college, from which he graduated in 1893. The exercises will be of interest to Illinois people, inasmuch as the president emeritus, Dr. E. M. Gallaudet, is well known here, where he has visited many times. He is well along towards eighty now and has been retired for some years. Among those who will receive degrees are Revs. J. H. Cloud and P. J. Hasenstab, formerly residents of this city, and Miss Laura Sheridan, a teacher in the I. S. D. The two gentlemen will be made doctors of divinity and Miss Sheridan an M. A. The reunion will last four days and already over 200 have announced their intention of being present. Following the reunion, Mr. Tilton goes to Staunton, Va., for the teachers' convention.

WARNING.

The premature celebrating of July 4th by discharging revolvers, firecrackers, placing dynamite caps on street railway tracks, etc. are positively prohibited.

Persons violating this will be arrested and fined.

Geo. P. Davis, Chief Police.

DRIVE HOME FROM CHICAGO.

John G. Reynolds and son Lloyd have returned from Chicago, making the trip home in Lloyd's new Stutz demonstrating car. They drove from Chicago to Bloomington and then to Decatur where they spent the day Wednesday and returned to the city Wednesday evening. The new car has a fifty horse-power motor and is equipped with the Remy electric starting and lighting device. Lloyd Reynolds is the local agent for the Stutz.

IN INTEREST OF HIGHWAY.

John Felmley, C. H. Simmons, Gerald Gould and A. J. Pratt from Griggsville are making a trip from Griggsville to Springfield in an Overland automobile in the interest of the Ocean to Ocean highway meeting to be held in Griggsville June 24. They visited Jacksonville yesterday, leaving some reading matter on the subject.

MORTUARY

Thaxton.
Mrs. W. S. Thaxton, who died in Roodhouse Tuesday will be buried today. She was 65 years of age and resided with her son Truman. She had lived for some time with a daughter, Mrs. Henry Hilton, Springdale Ark.

FUNERALS

Moats.
Funeral services for Doris Moats were held Thursday morning at ten-thirty o'clock at the residence of Silas Moats, grandfather of the deceased, in Alexander, in the presence of a large number of relatives and friends. The services were in charge of Rev. N. R. Johnson of Island Grove. Music was furnished by a quartet from the Alexander M. E. church and Rev. Mr. Johnson sang, "In That City." The many beautiful flowers were cared for by Misses Margaret Harrison, Martha Mason, Hester Andrews and Fannie Morrow.

Interment was made in Wood-wright cemetery in Island Grove and the bearers were Emmet Roseberry, Frank Tracy, Wm. Young and Donald Welch.

McFarland.
Among those from a distance who attended the services were Mrs. Claude Moats of Springfield, John Moats of Riverton, Raymond Moats of New Berlin and Mrs. Anna Woolington of Monticello.

Funeral services for Albert McFarland were held at Liberty church Thursday morning at 10:30 o'clock in the presence of a large number of relatives and friends, and the services were in charge of Rev. F. J. Baylis. Music was furnished by Mrs. Acom, Mrs. William Dunn, John Lazenby and George Richardson, and the many beautiful flowers were cared for by Miss Allie, Thompson and Miss Hilla.

Interment was made in Liberty cemetery and the bearers were: Felix Moore, Thomas Packard, Albert Killam, John Killam, Oliver Dick and Winfield Scott.

Franklin Will Start Oiling Streets Today.
An 8,200 tank of road oil has been received in Franklin and the work of oiling the streets is expected to begin today. Considerable work has already been done in getting the roads in condition for the oil and the citizens are contemplating a happy solution to the dust problem, which has been a real issue every year.

Death of Brother.
Dr. Formey of South Main street was called to Milwaukee Wednesday on account of the death of his brother, James Formey.

"A Good Place To Trade"

FISHING IN JUNE HAS A NUMBER OF RESTRICTIONS.

Sportsmen Find Many Barriers as Provided Under the New Game and Fish Law, for This Month.

Under the new game and fish law sportsmen are nearly barred from hunting or fishing during the month of June. In the hunting line rabbits are the only things that may be legally killed, and as they are unfit for food at this time of the year it is no use to chase the cotton tails. In the fishing line no device, except hook and line can be used during the months of May and June, and even with these devices fishermen are prohibited from taking certain size fish. Possession is prohibited of black bass, if caught in this state, under 11 inches, pike or pickerel 18 inches, pike perch 6 inches, crappie 8 inches, yellow perch 7 inches. All under the size mentioned must be returned to the water immediately, if caught. The kind of fish herein to be mentioned can only be caught and taken with line held in hand or attached at a rod, with or without reel attached held in the hand.

The opening season on squirrel is one month later under the new law, than under the old law. It is now illegal to kill squirrel until the 2nd day of July.

It is unlawful to catch, take or kill any fish or attempt to do so in the lakes, rivers, creeks, sloughs, bayous or other waters of the state except subject to the restrictions and by the means and devices and at the time prescribed by law.

The devices and means prescribed by the law are seine, dip net, gill net or pound net, licensed, Hoop or fyke nets, basket and hook and line. Seine license is \$5 for each 100 yards of seine. Persons using seine cannot extend seine more than half the width of any stream, river, lake or other waters. Gill nets and pound nets can be used only in connection with licensed boats. All other fishing devices and means are illegal.

It is well for persons who have been in the habit of using dynamite, chemical compound or other explosives, firearms, jack or artificial lights, snares, spears, traps, gigs or grines to look up the law before doing so again. For the offense a penalty of \$100 and cost is fixed for the first and \$200 and cost for second offense, or commitment to county jail for six months, or both fine and imprisonment, at discretion of the court.

Boys' blouses and wash suits are shown at Garland & Co. in large variety.

AT THE GRAND.
La Bohemia Trio appeared at the Grand last night and the audience received them with great enthusiasm. The act is a clever bit of minstrelsy and the audience found that Manager Johnson had secured something of real merit when he saw the vaudeville feature last night. The trio will be heard tonight and Saturday matinee and night.

MATRIMONIAL

Munch-Hough.

At 11:30 o'clock Thursday morning, at the home of the bride's parents, Rev. and Mrs. J. O. Hough, the wedding of Miss Kathryn Hough to Arthur H. Munch of Chicago took place in the presence of relatives and a few close friends, who were informally received by the young people. The service was read by the bride's father, and during the ceremony soft music was played by Miss Clarice Reareick of Ashland. The bride wore white embroidered mull and carried bride's roses and was attended by her little cousins, Helen Louise Glenn of Tallula and Glenna Lee Pocock of this city.

After the ceremony a three course wedding breakfast was served and Mr. and Mrs. Munch left at 1:40 o'clock via the Alton, the bride wearing a traveling suit of mahogany moire silk. They will reside in Chicago, where the groom has a position as an electrical engineer. After July 15 they will be at home in Auburn Park. A number of beautiful presents were received by the young people.

Among the guests were Mr. and Mrs. Ferdinand Munch of Joliet, Dr. Frederick E. Munch of Chicago, Dr. and Mrs. J. A. Glenn and Miss Ada M. Glenn of Ashland, G. G. Glenn of Tallula, Mr. and Mrs. R. R. Glenn of Keokuk, Ia., Miss Anna Boswell of Carthage, Miss Georgia Fleming of Champaign, Mr. and Mrs. Edward G. Pocock and daughters, Misses Mary H. Dolyns and Ethel Pank of this city.

Hocking-Neighbors.
Miss Lora Belle Neighbors of Murrayville and Fletcher Hocking of Franklin, were married at noon Thursday at the home of Mr. and Mrs. Charles M. Hocking, the parents of the groom, Justice C. M. Coons performing the ceremony. Mr. and Mrs. Hocking will reside in Franklin. The bride was born in Macoupin county, the daughter of Josiah Neighbors, but has resided a number of years in Murrayville precinct, where she has many friends. The groom has lived most of his life in and near Franklin and is reckoned among the substantial land owners of that community.

Palm Beach, white and striped serge trousers, at Garland & Co.

JURY IS STILL OUT.

Talesman Are Sent Back to Jury Room After Reporting That They Are Still Arguing Over Evidence.

After reporting to Judge Creighton that they were still arguing over the evidence, and that they would probably reach a verdict, the jury in Mrs. Atwood's suit against S. T. Erikson to recover \$10,000, which she alleged he borrowed from her, was sent back to the jury room. Judge Creighton instructed the men to return a sealed verdict if an agreement was reached.

WILL DO CONCERT WORK IN UNITED STATES

Mrs. Helen Brown Read Will Tour Country Under Management of Shaw and Tucker.

Mrs. Helen Brown Read is to give a series of concerts in this country the coming winter under the direction of Shaw and Tucker of Chicago, one of the largest booking managements in the country. This company has under its direction such well known attractions as the Boston Symphony Orchestra, Froua Hempel, Frances Ingram, Charles Clarke, Fritz Kreisler—all artists in their particular line. Their desire to secure the services of Mrs. Read speaks well for the reputation she possesses among the musicians of the United States. Her work will take her through the middle states and perhaps include engagements on the Pacific coast.

IS OUT FOR JUDGE.

In another column of today's paper will be noted the card of W. E. Thomson who has announced his candidacy for the office of county judge on the Democratic ticket.

Miss Rachel Jerauld, instructor in piano at the Illinois college conservatory of music, underwent an operation for appendicitis Thursday at Passavant hospital.

Mrs. Scoita Jasper, a former resident of Morgan county, is visiting in Franklin. She has been making her home with her daughter at Claremore, Okla., and is in the 89th year of her age.

POSSE CAPTURES TWO LITERBERRY BURGLARS

MEN ARE DISCOVERED IN TIMBER BY EARL UNDERBRINK

Sheriff, Deputies and Posse of Farmers Surround Timber After Burglary of Literberry Stores is Discovered—Prisoners Are in Jail.

Two men, giving their names as Edward Smith and Frank Watson, were arrested Thursday evening about 7 o'clock on a charge of burglarizing the stores of Joseph Liter and William E. Murray, at Literberry, after the sheriff, his deputies and a posse of about forty farmers had searched nearly all day for them. The men were brought to the county jail in this city, and will be given a preliminary hearing this morning.

Thursday morning the burglary of the stores, which took place sometime Wednesday night, was discovered. At Mr. Liter's store two pairs of shoes, some clothing, canned goods and other articles were taken and Mr. Murray's loss consisted of forty or fifty pocket knives and a number of other things. It is thought that the men used skeleton keys in gaining entrance to the store buildings, as none of the fastenings were noticeably disturbed.

Mr. Liter notified the police of this city and the sheriff's office of the burglaries and as Sheriff Rogers was in Waverly on official business when the call was received, Deputies Weatherford and Kettering went to Literberry in Francis Rantz' automobile.

The first clue as to the direction in which the burglars went from Literberry was discovered by a mail carrier, who found a bundle of women's handkerchiefs and took them to Literberry. They were immediately recognized by Mr. Liter as some that were taken from his stock and it was not long before a posse of farmers had formed, and going to the place where the handkerchiefs were found, began a thorough search. Footprints in the soft earth were found and the hunt became more exciting.

Strumpfer's bloodhounds from Springfield were ordered and were brought to this city by William McLaughlin. Sheriff Rogers, who had returned from Waverly, accompanied by two deputies, went to Literberry in an automobile, with Mr. McLaughlin and the dogs in another machine. The dogs were put to work at the place where the footprints were found and were kept there for some time, but could make no headway on account of not being able to secure a good scent at the start. They were taken to Literberry and it was Mr. McLaughlin's intention to start them from the stores, in order to give them a truer scent to trail.

Shortly after the dogs were taken to Literberry, Earl Underbrink, agent for the C. P. & St. L. at Literberry, who was with the posse that kept the woods surrounded, saw two men moving through a dense thicket near a pond on George Wheeler's farm, which is near that of Thomas Wagoner. Mr. Underbrink gave the alarm to the men nearest him and with Deputy Sheriff Andrews and a Mr. Young went into the thicket with drawn revolvers and placed the fugitives under arrest. Word was sent to Literberry that the men were arrested and the prisoners were brought to the county jail in this city.

When captured one of the men was wearing four shirts taken from the store and another had a pair of the stolen shoes. Their pockets were filled with crackers, three cans of sardines, a can of baked beans, three new pocket knives, \$1.80 in pennies and one had a pair of overalls taken from one of the stores. After the men had been brought to this city Literberry people found a large number of knives and other articles which the prisoners had hidden before their capture. In a coat worn by one of the men was a label bearing the name of Claude Rynders.

Watson told the authorities that he was from Philadelphia, Pa., and gave his age as 52 years. He is 5 feet, 7 1/2 inches tall, weighs 145 pounds, has grayish hair and blue eyes. Smith gave his home as Seattle, Wash., and his age as 24 years. He is 5 feet, 7 1/2 inches tall, weighs 135 pounds, has auburn hair and brown eyes.

CITY AND COUNTY

C. M. Burns of Waverly was in the city yesterday on business. Mrs. Lydia Jones of Murrayville was a visitor in the city yesterday. James Herring of Winchester was a Thursday business visitor in the city.

Mrs. Edward Gallagher of Woodson was shopping in the city yesterday.

B. C. Martin of Whitehall was transacting business in the city yesterday.

Miss Margaret Ryman, has returned from an extended stay in Old Mission, Mich.

Mrs. Sylvanus Scott and daughter Emma of Franklin were shopping in the city yesterday.

Miss Helen Wheeler has returned from a visit of several days with friends in Literberry.

Mrs. Charles Pool and daughter of Versailles were among the Thursday visitors in the city.

C. A. Hagerlitz's 5 and 10 cent store in Winchester has a big line of Fourth of July offerings.

Miss Lucille Baker of Mt. Sterling is visiting Miss Grace Van Houten of South Main street.

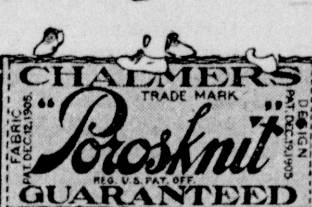

Miss Althea Hall has returned to her home in Alexander after a visit with relatives in Springfield.

How I Produced 12 Pounds of Beef From One Bushel of Corn.

I bought 44 cattle through Milton Marshall & Co., St. Louis, of Henry Wright, they averaged 961 pounds, March 19, 1914 in St. Louis. I put them in dry lots March 27th, fed them all they would clean up in 30 minutes, crushed corn, cob and all then cooked in the 50 bushel size Wood's Grain Softener. I put them on grass May 25th, they averaged 1200 lbs. when put on grass. While in dry lot I gave each steer 5 lbs. clover hay. After they ate their grain, I kept oat straw before them all the time, but they would not eat over one bale of straw per day. I fed at 6 a. m. and 6 p. m., at regular hours.

I measured the grain fed with a No. 8 scoop, feeding 50 scoops at each feed or 100 scoops per day, all they would clean up. I put in 20 bushels ground cob corn and all into a 50 bushel vat. This will fill it making 50 bushels feed, which makes 4 feeds, all they will clean up. I drew 50 gallons of syrup off and added 50 gallons of water, then added 1 1-2 bushels of ground oats and shorts, with which I a feeding 80 pigs that are doing well.

I will feed the cattle about 30 days longer and would be glad to have any one interested come and see them.
